CONGER HAS RETURNED

United States Minister to China Has Arrived In San Francisco.

HIS COMMENTS ON CHINA

Everything That Happened Had Been Told Fully With Many Things That Never Occurred.

San Francisco April 25—Edwin H Conger United States minister to China accompanied by his wife daughter and Miss Fiske arrived here this afternoon on the steamer Nippon Maru. Only a few quarantine questions and the necessity of giving personal supervision to the landing of his baggage Mr Conger did not reach Hotel until 6 o clock in the evening. Mr Congers arrival was attended with considerable interest, not only on account of his connection with the Chinese situation but from a social standpoint.

There was a great desire to know what position Minister Conger would assume with reference to the condition prevailing not unlike that in Iowa. To a representative of the Associated Press Mr Conger when asked if he would say anything in reference to the foreign situation said:

I do not wish to make any public declaration at this time. I have not had time to read the correspondence which has met me here. So far as I know I have advised I see no reason to change my position as expressed about two months ago before I left China. I received two telegrams from the United States. One asked me if I were a candidate for governor. I answered I am not. The other telegram asked whether I would accept the nomination if tendered me. I replied that I would accept if the nomination came to me but that I was in no sense a candidate. I do not care to now will I say anything further in the matter until I reach Des Moines. I do not know what the situation in Iowa is and do not care to say anything definite until I am fully advised. My present intention and desire is to return to China and finish my work.

Touching events in China Mr Conger turned interviewer and was particularly anxious to find out the matter of indemnity. He was asked for his opinion on the amount of indemnity China could pay.

The United States minister replied that he could only give his answer by the statement that it would be necessary for them to practice economy for the next ten years but he should expect to see a long term of years.

Concerning events in China Mr Conger said that there was nothing novel to be said in the line of news for the things that happened had been told fully together with many things that never occurred. As to brutality had he thought been exaggerated. Of course there were cases of outrage by individual soldiers which were not sanctioned by officers. These were but in keeping with the fact that the Chinese had killed 40,000 native Christians and 100 Europeans.

Asked in regard to his future Minister Conger said he would remain in this city until Saturday morning when he would leave for his home in Des Moines Ia. At the expiration of his sixty days leave of absence he intended to return to China. He would go back soon if any business should come up. When told that it was planned by the citizens of Des Moines to give him a public reception he said that although he did not care for public demonstration he would accept a reception at Des Moines. He belonged to the people of Des Moines. In fact the entire people of Iowa had always been kind to him giving him everything that he asked for refusing him nothing. In net he had been compelled to often refuse the people of Iowa favors.

THE HIGH WATER MARK HAS PASSED CINCINNATI

Cincinnati April 25—The high water mark of the flood passed down this part of the Ohio valley earlier tonight than was expected. The river became almost stationary from 6 to 10 o clock at a fraction above 59.1 feet and after and at 59.2 feet when it became stationary here and at upper points.

Great relief is reported tonight from Huntington, Catlettsburg and Ironton where the flood was so bad last night and several places in that district that there are almost demonstrations of joy. Early in the evening the temporary rise in that district caused by the Kanawha and Big Sandy swelled the water at Portsmouth but it was soon over and it will lose its force before it reaches Cincinnati. The river at 8 o clock is stationary at Portsmouth at 56 feet and will remain stationary there, then to Cincinnati till tomorrow afternoon when it will begin falling. It was reported also stationary tonight at Ripley, Higginsport and Boyer, Ky, all of which points have suffered extremely during the past few days.

At 6 o clock the gauge was 59.1 feet and rising one half inch an hour. The rise from 4 a m to 6 p m was only [illegible] inches and at short intervals during the day it was stationary. The river at 8 o clock tonight was rising slowly for 50 miles above Cincinnati [illegible] nearly for 230 miles beyond that point and falling for 230 miles below.

Pittsburg. It will become stationary there before midnight and for over 100 miles below Cincinnati by morning. The gauge is not expected to exceed 25 feet here tonight and that is considerably below the record of seven different years previously. With the river almost ten feet above the danger line there is endless inconvenience and loss on both sides of the river here and there is some distress tonight. Mayor Fleischmann secured relief funds today and had relief committees appointed as hundreds of houses will be unfit for habitation for some time after the water recedes.

Similar action was taken in Newport and Dayton Ky today where the conditions are still worse in inundated districts. The Newport track is submerged from one to three feet and large crowds are attracted thither by the sight of horses running in water.

The National league baseball park, where a game was played yesterday between Chicago and Cincinnati teams is completely flooded tonight. All the bridges are in trouble today in handling freight and some abandoned that part of their business. None of them abandoned any passenger trains but the Cincinnati Georgetown and Portsmouth railway was compelled to do freight business by boats and to transfer passengers out as far as the eastern suburb of Columbia east of Cincinnati.

Street railways were compelled to make four different transfers in the east end of Cincinnati today with their high motors. These high motors were not able to make the transfers on the west side of Cincinnati owing to the high water along Mill creek valley especially in Cummiskville and Riverside. Three churches in Cincinnati are surrounded by water and as many school buildings but these three schools were dismissed. A careful estimate today placed the number of men thrown out of employment in Cincinnati by the flood at 2,000 and about half as many in Covington and Newport Ky.

At Iron it was reported that 1500 men had been thrown out of employment. Similar conditions exist at Catlettsburg Portsmouth and Huntington. An estimate has been made at Huntington that over 2000 families are homeless in the southern part of West Virginia and 6,000 in Kentucky. The loss by flood in that part of the state will exceed $1,000,000.

At Ripley and New Richmond up the river from Cincinnati and other towns in those districts the conditions are reported tonight as very serious as the smaller places are all under water and have not the means of relief of larger cities.

At Maysville Ky 60 miles up the river a stationary stage at 56.5 feet was reached today and it began falling at 6 o clock tonight.

At Aberdeen across the river from Maysville it will take several weeks to repair the residences but the people are preparing to re occupy them. Above these cities scenes of desolation and ruin are reported everywhere as the water recedes.

At Madison Ind 86 miles below Cincinnati a stage of 49 feet at 6 o clock tonight covered Front street and 5" feet is anticipated. This will put the water into the first floors of the National and Western hotels and into the large Barker tobacco works. The hotels and other property across the river in Milton Ky are flooded.

At Huntington W Va although the river became stationary tonight at 57.4 feet a greater portion of that city was well as the surrounding towns is still under water. Travel on all railways except the Chesapeake and Ohio was still suspended.

At Parkersburg W Va tonight the river had fallen to 24 feet and was falling at the rate of an inch an hour.

At Charleston W Va the Kanawha was rising again tonight and registered 21.4 feet at 10 o clock.

Frankfort Ky reports big damage up the Kentucky river.

IMPORTANT DECISION ON CALIFORNIA OIL LAND

Washington April 25—Secretary of the Interior Hitchcock today decided in favor of the Kern Oil company and the Eagle Oil company in the two cases instituted against them separately by C W Clark in the Kern river oil district California. Clark is the forest land selector in each case and the two companies named are the mineral claimants in oil land litigation which has attracted great attention in California.

The decisions are on test cases, there being many similar cases pending in the general land office. The decisions were prepared by Assistant Attorney General Vandeventer and assistant attorneys. The two companies named asserted their rights under the placer mining law and Clark claimed title under the forest reserve lien selections for the act of June 4 1897.

The decision lays down these points:

That where a person making selection under the act of June 4 1897 has complied with all the terms and conditions necessary to entitle him to a patent to the selected land he acquires a vested interest therein and he is to be regarded as the equitable owner thereof.

That the right to a patent under the act once vested is for most purposes the equivalent of a patent issued and when in fact issued the patent relates back to the time when the right to it became fixed and takes effect as of that date.

That questions respecting the class and character of the selected lands are to be determined by the conditions existing at the time when all requirements necessary to obtain title have been complied by the selector and no change in such conditions subsequently occurring can affect his rights.

Each decision holds that the forest reserve lien land selector never has perfected his selection and the lands now being admitted to be of great mineral value he cannot be permitted to perfect the selections because to do so would be to permit the selections of mineral lands. The selections accordingly are rejected.

ALL THE NEWS

Showers and [illegible] tomorrow. Maximum temperature yesterday 74 degrees.

Silver 64. Lead $4.[illegible]. Copper $1[illegible].

New York stock market showed a better tone but movement of prices continued very irregular. The close was below the best. Money on call steady at 3@4 per cent.

Chicago wheat closed 1c higher. Philippines sold at least 600,000 bushels of May corn which closed 1c lower. Provisions quiet but firm.

STATE

The Leadville board of trade contemplates extensive advertising the attractions of that city and surrounding points as a summer resort.

Word has been received in Denver that it will be impossible for the president to extend his stay in that city.

Fire Chief Robert of Denver will be retired in office by the present board.

Annual ball of the Knights of the Silver Serpent will be given on Broadway theater Denver Tuesday evening October 1.

George L. Baker a Fort Collins school teacher has disappeared and various charges are made against him.

FOREIGN

The British war office has received a [illegible] from Lord Kitchener reporting the capture of sixty five Boers and the taking of a 12 pounder gun together with the killing of four Indian coolies which the Boers captured at Helena.

The Universal Gazette at Shanghai prints an article giving details of China's revenue and expenditure. The figures are based on a change in the [illegible] which has been 8,000,000 taels while the average annual expenditure has been 11,000,000 taels.

The report that the Tientsin [illegible] has been entirely evacuated and the French troops have been ordered to refer to their original station. The only casualties suffered by the allies were two German soldiers killed.

The Uruguayan government according to a dispatch to the London Times from Montevideo has prohibited the landing on Uruguayan territory of Jesuits and other political refugees from Europe.

GENERAL

D T Thompson of Chicago was elected editor of the Northwestern Christian Advocate to succeed Dr Edwards deceased by the Methodist book committee.

Commissary Sergeant John Meston charged with complicity in the Manila commissary frauds whose trial ended April 15 has been sentenced to dishonorable discharge and to two years imprisonment.

Capt. James H McRae with companies G and H of the Third Infantry recently encountered a force of insurgents near Nonagasay province of Bulacan, Philippine Islands and killed five of them and captured twenty five rifles. Soon afterward General Morres with 150 men came to Nonagasay and surrounded. Late General Morales surrendered.

A dispatch from Manila says Lieutenant William Patterson of the coast artillery formerly a Philadelphia lawyer is to be tried by court martial for managing or participating the company funds.

The National sporting club announces that it has matched Jeffries and Ruhlin for a fight in San Francisco during July or August.

Kidder Peabody & Co have announced that more than two thirds of the Boston and Montana copper stock and the Butte and Boston Copper company stockholders have consented to the consolidation of the two companies with the Amalgamated Copper company.

Lloyd Griscom United States secretary of legation at Constantinople who is now or leave in this country has decided to return to Constantinople at the expiration of his leave.

Dr J Cameron Anderson recently appointed surgeon general of Nebraska by Gover or Deitrich has resigned that position and that of professor of surgery in the Omaha Medical college and surgeon of the county hospital staff giving as his reason that he is about to locate in New York City.

A special to the Chicago Record Herald from Honolulu dated April 19 says that Governor Dole is a very sick man. It is said that he is threatened with nervous prostration.

MINING

A new strike has been made in the Harris sixth level of the Golden Cycle mine. An entirely new ledge carries about three feet of $86 ore. The main shoot has been proven up 200 feet in the 5-foot level.

The Acacia company has first notice of the surface of part of its Burns claim due to a tax deed having been given to certain of the town lots in Altman.

The main workings of the Lexington company are leased to John Enstrom for six months at 25 per cent royalties. He has begun shipments.

Grieve Clark and others have shipped their first car of ore from the new 50-foot level in the Moon Anchor and the returns indicate values of $49 in gold to the ton.

A strike has been made in the 60-foot level of the Leon Consolidated on Gazelena hill and an assay taken across the 8 feet of the drift yesterday ran $56 in gold to the ton.

A good lease has been granted on the Little May property of the Pelican company and the lessees have opened a new vein near the surface which gives good assays.

The market had streaks of light in it yesterday and the trading was fairly good. Leon advanced to 3c and all Gazelena stocks went up fractionally in sympathy. Ben Hur sold as high as 11c again but Detroit went back to 3½c due to profit taking.

A new and important strike has been made at a depth of 1700 feet from the surface in the Portland mine. Five feet of the ore assays from $16 to $110 in gold to the ton.

Manager Kilborn of the Isabella company reports that the water is decreasing in the mine and that the fourteenth level is now being driven without difficulty.

EVIDENCE IN STRONG CASE

Defendant Testified to the Feeling Against Him In the Camp.

MISS LEWIS ON THE STAND

Direct and Damaging Testimony Given---Dramatic Incident During the Cross-Examination.

Special to the Gazette.

Denver April 25—The third day of the Strong trial was filled with spectacular scenes. In the morning the attorneys for both sides made short opening statements and Attorney Waldron for the defense waxed eloquent in his claim of his client's innocence. In the afternoon witnesses were examined and Miss Nellie Lewis presented a pitiful sight by bursting into tears when pressed by the defense to state if the girl she loved or had loved Mr Strong. She had just completed the giving of some very damaging testimony against Strong to the effect that he had told her that he intended to blow up the mine so as to regain possession of it when the above incident occurred.

The opening statements of the attorneys were strong in denunciatory words and in their assertions as to what they intended to prove. When the court was opened the room was crowded as much as [illegible] the witnesses which reduced the number in the room. Before excluding the witnesses Judge Palmer warned them against holding conversations regarding their testimonies.

All during the day every attorney called with the case remained at his place and kept watch of the proceedings in detail. John W Slocger made the opening statement for the plaintiff and John Waldron for the defense. Mr Sleeper spoke in a quiet sort of a way telling his case in a straightforward conversational tone. Mr Waldron is given more to oratory. He used graphic language swung his arms pounded the table and presented his side of the case in a forcible manner. Mr Waldron had concluded Judge Allen asked that Waldron's speech be taken from the records because it was argumentative in a sense of being a clear concise statement of what the defense expected to prove. Judge Palmer overruled the objection.

When the court convened after dinner the taking of testimony was immediately begun. Samuel Strong was the first witness called. He was only on the stand a short time and testified that the feeling against him was very strong in the camp and that he had been advised by Sheridan Bell and others to leave the camp or they would kill him.

Miss Nellie Lewis was the next witness. Her testimony was very direct against Strong and corroborated the statements of the plaintiffs witnesses practically what Mr Sleeper had said only she was more specific. She said that six weeks before the explosion occurred Mr Strong had told her that he had given a bond and lease on the mine and that the people who had leased it thought they had cheated him out of some money. Miss Lewis testified that at that time Strong told her he was going to blow up the mine so as to get possession of the mine again. She said that two or three days before the explosion occurred she went to Strong's room with Strong and that he showed her what he claimed was some very rich veins of ore and that during the day he told her he would soon have the mine in his possession again and that he would not part with it. She testified that on the night of the explosion she was with him and at the time of the explosion they were hitching up a horse and when they heard the report he said "There she goes." She said that Strong then went into the boarding house and told the landlady that the Strong lease had been blown up and that every boarding house would be blown up also. She said that Strong made this statement to the landlady before he had conversed with anyone except her after the explosion occurred. The two then got into the buggy and started to drive to their home but he turned off when near the Independence mine and drove down to that line. She said that he left her to hold the horse while he was talking to some other men. When he returned to the buggy he said that Sheridan Bell had told him he had better leave town or he would be killed. The trip then started for Colorado Springs and on the road he fainted. She was compelled to drive with one hand and hold him with the other. She testified that Strong stayed at her parents home for 10 days during which time she said she had not go back to Cripple Creek because he said he had a brother who was one of the strikers and he was afraid if he went to Cripple Creek and got into a fight he might kill his brother.

Under the cross examination Mr Waldron asked the question "Do you love Sam Strong?" She refused to answer. Seeing that she refused he said "I will change that question and ask this. Don't you at this time hate Sam Strong?" She covered her face and burst into tears and it was some moments before she regained her composure. When the girl broke into tears Waldron did not question further. Her cross examination was not completed when the court adjourned.

A large number of prominent men have been summoned as witnesses in the case.

VERDICT OF ACQUITTAL IN THE BAILEY TRIAL

Special to the Gazette.

Boulder April 25—After nine successive days of tedious examination and repeated argument the Bailey murder trial is over and the defendants McNichol O'Hea, Bert West, John Rowell, James Leech, Martin Wolfe and William Mitchell have been declared not guilty.

That Bailey's house on November 18 last was perforated with bullets and set fire to by desperate men bent on vengeance for alleged wrongs that Bailey was shot while attempting to extinguish the fire and that he died from the effects of a bullet wound in the right arm are and always have been considered undeniable facts.

Just what men were implicated and just who fired the fatal shot are however points not sufficiently established by evidence to justify the conviction of the men who were on trial. Attorney Estep made strong use of this argument in his final speech to the jury and it is by no means improbable that it had considerable weight in determining the result.

At the evening session the courtroom was filled to overflowing to hear the pleading of the prosecution. This being completed the jury was given its instructions and retired a few minutes before 9. The jurymen were out forty minutes and when they returned breathless attention was given to the reading of the verdict which liberated the prisoners. No demonstration occurred but there was abundant evidence that the verdict met the approval of the majority of those in the court room.

MR. BRYAN SAYS THAT HE IS NOT A CANDIDATE

Lincoln, Neb April 25—In a statement given publicity tonight William J Bryan says in effect that he has no intention of seeking a third nomination for the presidency. Mr Bryan's announcement is in answer to an article in an eastern paper speculating on his future plans as a political leader. Mr Bryan said:

I am not planning for another presidential nomination—for if I were I would not be editing a paper. If I ever become a candidate again it will be because it seems necessary for the advancement of the principles to which I adhere and that does not now seem probable. I shall however continue to take an interest in politics for several years yet if I live and can be relied upon to support those who as candidates advocate Democratic principles and who can be trusted to enforce them if elected.

I have no enemies to punish no matter what any one may have said of the ticket of 1896 or in 1900 that man becomes my friend the moment he accepts Democratic principles. Neither have I any disposition to reward political friends at the expense of our cause. No matter what a man may have said or done for the ticket in 1896 or in 1900 that man becomes an opponent the moment he turns against Democratic principles. Political battles are fought not in the past nor the future but in the present. The heretofore cannot be recalled and the hereafter cannot be anticipated but the now is all important.

PROGRESSIVE ACTION WAS TAKEN BY METHODISTS

Cincinnati April 25—David D Thompson was today elected editor of the Northwestern Christian Advocate of Chicago by the book committee of the Methodist Episcopal church to succeed Rev Dr Arthur Edwards deceased.

The action is decided progressive and was not accomplished without a struggle. Precedent was entirely against the successful candidate for he is a layman and hitherto only reverends and doctors of divinity have been selected to sit in the editorial chairs of the Methodist newspapers as well as to fill almost all the other places of trust and honor. He had against him as rival candidates such distinguished men as Rev Dr Jesse Bowman Young of Cincinnati, an editor of years experience, Rev S J Hertenk, assistant editor of the New York Advocate, Rev Dr R J Cooke of the Methodist Advocate Journal, Rev F M Swift of Chicago, Rev D W Clark of Cincinnati, Rev S H Whitlock Mattoon, Rev C M Coborn Denver, Prof C M Stuart, Northwestern university, and G H Potts editor of the Michigan Christian Advocate.

Twenty five or thirty years ago Mr Thompson began his connection with the Methodist journals by becoming a proof reader in the office of the Western Christian Advocate in this city. Subsequently he was made news editor and finally assistant editor and after a brief season of editorial work in a secular paper at Springfield Ohio he became connected with the Northwestern Christian Advocate in Chicago.

CAUGHT IN ICE FLOES

St Johns N F April 25—It is feared that the sailing vessel Virginia Lake with 20 men on board may be frozen in amid the ice floes in White bay on the northern coast of Newfoundland for the next six weeks. The Arctic ice fields are now packing in upon the floes which have enclosed her for the past month. A sister ship of the Virginia Lake the Kite with 150 men on board is similarly situated in the Gulf of St. Lawrence.

STEAD'S PROPHECY

London April 26—William T Stead in an interview with a representative of the Daily Mail said:

The Boers are calculating upon England's becoming embroiled with Russia or some other combination. If I am not mistaken we are on the verge of a storm across the Atlantic that will widely shatter our peaceful calculations.

When the United States congress meets the Clayton Bulwer treaty will be turned to shreds and thrown in our faces. We shall have to choose between fighting or eating humble pie.

The first serious discussion of the possibility of such a war will do more to keep the Boers in the field than all the speeches of all the pro Boers put together.

SENATOR KERNS' GUEST

Salt Lake April 25—President McKinley will be the guest of United States Senator Kerns during his visit here Sunday June 2 and Monday June 3. In accordance with the president's wishes no formal programme for his entertainment will be arranged for Sunday. On Monday morning the president Mrs McKinley and the members of the cabinet will be driven to points of interest in and about the city. There will be a greater number of people out today to see the president than would have been possible at a public reception.

MARKHAM'S CHARGES

London April 25—Counsel for Arthur B Markham M P have notified the Daily Express that Wernher Beit & Co that Mr Markham is prepared to justify publicly the statements which he made last month in the house of commons to the effect that the Transvaal concession syndicate made up of persons affiliated with several of the great South African companies and characterized by Mr Beit as firms as nothing more or less than a gang of common thieves and swindlers as soon as the suit brought against him by Wernher Beit & Co was withdrawn thus affording the basis for a suit which could not be stopped by the immunities afforded by a speech in parliament. Wernher Beit & Co will withdraw the suit brought against Mr Markham for slander.

INTERNAL REVENUE

Washington April 25—The monthly statement of collections of internal revenue shows that the total receipts for the fiscal year to date have amounted to $[illegible] as compared with $[illegible] for the corresponding period last year. The receipts from the several sources of revenue are: Spirits $29,466,[illegible] increase $1,[illegible]; tobacco $[illegible] decrease $[illegible]; fermented liquors $360,841 increase $1,[illegible]; oleomargarine $159,[illegible] decrease $[illegible]. Special taxes not elsewhere enumerated $[illegible] increase $[illegible]. Miscellaneous $4,0[illegible]6 increase $[illegible]. For the last nine months the receipts were $[illegible] less than for the corresponding period last year.

EASTMAN'S DEFENSE.

Cambridge Mass April 25—The defense of Prof Eastman continued to score points at law on the government in the trial today the court holding to its opinion yesterday that declarations made by Richard Crogan sr while he was dying were not competent as evidence where the accusation was of murder. The court went further today by ruling as incompetent other statements that other witnesses heard from Crogan's lips what appeared to be replies to Eastman's denials of other than accidental shooting. There was much to encourage Eastman in the testimony which showed that the latter was very solicitous for Crogan's condition and that he exhibited much grief at the unfortunate episode.

DR AMENT ARRIVED

San Francisco April 25—Among the passengers on the steamer Nippon Maru which arrived from China today was Dr W S Ament a missionary who passed through the siege of Peking and who afterwards came into notoriety in connection with the charges of Li Hung Chang and again in the [illegible] Dr Ament said tonight that his side of the controversy had been fully set forth and that he had nothing to add to the interview with him at Kobe Japan which was published in these dispatches April 24.

AMERICANS BUTCHERED

Manila April 25—It is reported that the rebel General Callies ordered eight American soldiers to be shot April 21 the same day on which he condemned to death Colonel Cochio one of his staff officers and Senor De La Rosa a wealthy native who had refused to contribute to the insurgent fund. Cochio escaped. The officers were tortured and then butchered. Aguinaldo denounces him disclaiming responsibility for the previous atrocities of Callies and declares that he never issued orders contrary to the rules of war.

WILL PREVENT TROUBLE

Salt Lake April 25—A special to the Herald from Vernal Utah says that the sheriff of Uinta county has entered into the fight between the Oregon Short Line and the Senator Clark forces for the possession of the old Utah and California right of way and has notified both forces now within less than two miles of each other that any infractions of the law would be repressed. It is believed the sheriff's action removes the danger of a clash between the opposing forces which at the present rate of road extension will meet tomorrow or Saturday. Both forces have been large y reinforced.

R. G. WESTERN DENIAL

Salt Lake April 25—The Rio Grande Western railway today filed in the United States court its separate answer in the case of Nathaniel Raphael of New York vs. the Wasatch and Jordan Valley Railroad Co; the Rio Grande Western railway the Union Trust company of New York et al. The suit was brought for foreclosure of bonds on that part of the Rio Grande Western known as the Bingham branch. The answer is a general denial of the main allegations of the complaint.

ALLEGED COUNTERFEITER

San Francisco April 25—United States Secret Service Agent Hazen has arrested George Taylor McDonnell in this city on the charge of having in his possession appliances for making counterfeit dollars made from Mexican coins. The secret service officials claim that McDonnell is the McDonnell who was implicated by the Hidwells in robbing the Bank of England of $[illegible]000 by means of forged checks in 1873.

THE CUBAN DELEGATION

Received Informally by the President and Entertained at Dinner.

BUSINESS WAS POSTPONED

Secretary Root Designated by the President to Represent Him In Conference on Cuban Affairs.

Washington April 25—The Cuban delegation to confer with the convention for framing a constitution for the new island republic saw President McKinley twice today once in the early part of the day when there were expressions of friendship and again at night when the members of the delegation were the guests of honor at a state dinner at the White House.

The real business which brought the delegation here was not transacted the president in the forenoon informing the White House saying to the delegates that he would confer with the secretary of war who would act as his representative in conferences over the Cuban situation.

The delegation and Secretary Root were closeted for some hours in the afternoon in a discussion of the relations of the islands to the United States. Secrecy was observed as to the conference the statement being made that after results were reached some [illegible] would be made public.

The laws states that the propositions contained in the amendment shall be substantially agreed to by the Cuban people. The discussion revolved chiefly around what would be considered a substantial agreement to the Platt amendment requirements. There was some fine legal sparring between Secretary Root and Senor Capote the president of the convention and chairman of the delegation as to the meaning of the amendment and the meaning of certain proposed drafts of the propositions that were considered. Both the secretary and Senor Capote expressed their views most freely and the exchange of suggestions and replies was very interesting to those present.

It is believe that precision caused the most discussion and as this had reached much discussion to Havana the Cubans were familiar with all phases of the construction that might be placed upon it. The delegates of the convention took more or less part in the discussion and their views were given careful consideration by Secretary Root.

It is understood that the Cubans are impressed with the desire on the part of his government to deal fairly by Cuba and the belief is expressed that the delegation will take home favorable reports of our intentions.

The delegations made no complaint of the present military government of General Wood. After the conference adjourned the Cubans called on General Wood at the Richmond. Tomorrow Secretary Root will entertain the delegates at luncheon.

General Wood expects to leave here tomorrow night going to New York thence to Cuba. It is not known when the Cubans will return but the belief was expressed that the business which brought them would be concluded at the meeting tomorrow.

others being social and informal. Those present were the four Cuban delegates their interpreters, Secretary Root, General Wood, Assistant Secretary Sanger and Senor Quesada, secretary, who acted as interpreter. The army officers acting as escort for the Cubans were also present. When the meeting was adjourned no report was given of the proceedings but it can be said that the meeting was satisfactory both to the Cubans and Secretary Root. The business was not completed and the conference will reassemble tomorrow. In view of the fact that the entire business had to be done through interpreters it was thought best to go slow.

It was made clear to the Cubans by Secretary Root that no modification of the Platt amendment could be made by the executive department of the government and the Cubans themselves understood that there is little possibility of congressional action in that direction. So the conference was devoted largely to the construction which [illegible] the Platt amendment. The laws states that the propositions contained in the amendment shall be substantially agreed to by the Cuban people. If the discussion revolved chiefly around what would be considered a substantial agreement to the Platt amendment requirements. There was some fine legal sparring between Secretary Root and Senor Capote the president of the convention and chairman of the delegation as to the meaning of the amendment and the meaning of certain proposed drafts of the propositions that were considered. Both the secretary and Senor Capote expressed their views most freely and the exchange of suggestions and replies was very interesting to those present.

It is believe that precision caused the most discussion and as this had reached much discussion to Havana the Cubans were familiar with all phases of the construction that might be placed upon it. The delegates of the convention took more or less part in the discussion and their views were given careful consideration by Secretary Root.

It is understood that the Cubans are impressed with the desire on the part of his government to deal fairly by Cuba and the belief is expressed that the delegation will take home favorable reports of our intentions.

The delegations made no complaint of the present military government of General Wood. After the conference adjourned the Cubans called on General Wood at the Richmond. Tomorrow Secretary Root will entertain the delegates at luncheon.

General Wood expects to leave here tomorrow night going to New York thence to Cuba. It is not known when the Cubans will return but the belief was expressed that the business which brought them would be concluded at the meeting tomorrow.

TWO HUNDRED KILLED AT FRANKFORT, GERMANY

Frankfort Germany April 25—One of the most destructive explosions on record occurred this afternoon at the electro chemical works near Griesheim. Here smokeless powder is manufactured. Most of the boilers exploded. The noise was so tremendous that it was heard at great distances including Frankfort and Mayence. The factory became a mass of flames immediately and the wind carried the sparks to neighboring villages where several houses were set on fire.

Eighteen cylinders each containing about 100 cwt of smokeless powder were in the room where the explosion occurred. Fire brigades from every place in the neighborhood hurried to the scene but owing to the dangerous nature of the fire and a fear of a renewal of the explosions the greatest difficulty was experienced in stopping the progress of the flames. Only after five hours of strenuous effort was the conflagration to some extent controlled and the danger passed so as to make it possible to begin the work of extricating the bodies. It is feared that nearly 200 persons have been killed or injured.

LARGEST BEET SUGAR CONCERN IN THE WORLD

Chicago April 25—The Tribune tomorrow will say:

Negotiations have been completed in Chicago for the formation of the largest beet sugar concern in the world. A company has been organized with a capital stock of $6,000,000 to be known as the Arakansas Valley Sugar Beet and Irrigation Land company. The plant of the new company is to be located in Prowers county Colorado in the famous Rocky Ford fruit district. A number of New York capitalists including the Oxnards, the Cuttings the Hamiltons the Lawsons and Richards of the Mercantile Trust company are interested.

The company has purchased the holdings of the Great Plains Water company which comprises about 175,000 acres along the Arkansas river in southeastern Colorado.

Colonization of the land by farmers will be undertaken by the company. Over $2,000,000 will be expended this year on improvements.

TRACK CONTEST

New Haven Conn April 25—The official correspondence relative to the international track contest to be held at Berkeley oval New York September between teams representing Oxford and Cambridge universities on one side and Yale and Harvard on the other has been published here today. It shows an agreement on the part of eligibility to membership on the teams and assures a contest of nine events as follows 100 yard dash, quarter mile, half mile, one mile, two mile, high jump, broad jump, hammer throw 56 pound hard ex.

FLOOD AT LOUISVILLE

Louisville Ky April 25—The river is rising tonight at the rate of nearly an inch per hour and at 6 p m was 30.6 feet in the canal which is 26 feet above the danger line. The water has come up to the foot of some streets and on fourth street it is in the first floor of several buildings. Steamers pass under the bridges by lowering the smokestacks.

COUNTERFEIT DOLLARS

Wichita Kan April 25—A dispatch received here tonight says that an immense volume of counterfeit silver dollars has been circulated among the boomers on the border of the Kiowa and Comanche country. Marshal Hopkins has arrested Arthur Smith and found considerable of the spurious coin in his possession.

PETITION DENIED

Butte Mont April 25—A special to the Miner from Helena says:

The supreme court today denied the petition of United States Senator W A Clark and C W Clark to be allowed to withdraw from the bond of the Montana Ore Purchasing Co of which F A Heinze is principal owner in the suit of the latter against the Amalgamated Copper Co. The court dismissed the petition for the reason that the facts stated in said petition are not sufficient to warrant the relief demanded or any relief or to invoke any action in the premises. The bond is amounted to about $1,000,000.

ABANDONED SCHOONER

Atlantic City N J April 25—The three masted schooner Emma C Knowles Capt Rogers from Charleston S C April 14 for Fall River with a cargo of lumber was sighted six miles off this city today almost a total wreck. There was no life on the vessel and the fate of her crew is unknown.

The hull of the Knowles, lying broadside in the water was discovered almost simultaneously by the three life saving crews after the thick fog had lifted this morning. The three crews immediately launched their boats and rowed toward the wreck. They were watched by several persons on the board walk. No sign of life was found or of about the schooner and after a careful search all three crews returned to the shore. There is some apprehension that the Knowles was in collision and that the crews of both vessels may have escaped.

STOMACHS THAT WON'T WORK

Thus Retain the Food and Refuse to Digest it, Make the Head Heavy and Nerves Weak. Need Stuart's Dyspepsia Tablets.

There is a class of dyspeptic sufferers who have tried various nostrums will probably be skeptical but if they will give Stuart's Dyspepsia Tablets a trial they will be convinced that it will be possible for them to be cured. [illegible]

[illegible]

Heavy pressure after eating so common a symptom is indicated by belching, fatigue with slight exertion, loss of ambition, all disturbed by dizziness, constipation, headache, etc. These symptoms are commonly set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion Stuart's Dyspepsia Tablets produce strong nerves, restful sleep, refreshing complexion, good and good-natured, healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation and they restore the inflamed, diseased condition of the membranes, lining and glands of the stomach and bowels. They help the digestive organs over the hard places and put them into a healthy, active condition. The cure is not a temporary cure. You don't have to continue taking them forever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much or anyone eating food but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and assist in the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like when you like and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents for full size package.

Send to F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, mailed free.

GEOLOGICAL SURVEY

Washington April 25.—The plan of operations of the geological survey for the ensuing year is now in progress. Numerous parties will be sent to all sections of the country to engage in geological, topographical and other lines of survey work.

An important feature will be an investigation of the geodetic survey of marked points of the northwest boundary between the United States and Canada. The line will be re-run and temporarily marked by iron posts in certain places. It is planned to make a reconnaissance of the whole line from the summit of the Rocky mountains westward. Geologist Bailey Willis of the party will make a reconnaissance of a strip ten to fifteen miles wide along the south side of the boundary line in Idaho and Montana to determine its geological features and the condition of the boundary monuments. Other geologists will make surveys from Colorado to the westward to the Pacific coast. Dr. Walcott will make special investigation in the Rockies in Montana. Investigations are planned of the clays and clay working industries of the country and also of the cement industries.

$25.00 to California Over Rio Grande Railroad.

Every Tuesday, commencing February 12 to April 30th, City office 18 North Tejon street.

LEADVILLE'S ATTRACTIONS

Board of Trade Intends to Make Them Known

AN IDEAL SUMMER RESORT

Numerous Pretty Places in the Immediate Vicinity of the City Will Be Extensively Advertised

Leadville Bureau
Colorado Springs Gazette

Leadville, April 25.—The board of trade of this city will make an earnest effort to place before the country some of the advantages of Leadville, apart from mining, for it is realized that this city has some attractions other than those pertaining to the mineral industry.

A committee of physicians has reported that Leadville is one of the healthiest spots on the globe. Three diseases are unknown here, consumption, malaria and asthma; persons afflicted with the latter find immediate relief.

The plan of the board of trade is to thoroughly advertise Leadville as a summer resort, and it is believed that this city can present some strong claims to attraction apart from being the center of one of the greatest mining regions in the west.

As a natural sequence to the above, the board will endeavor to bring about some necessary improvements in the streets. It is on the map here to be seen in the future of Leadville, the board to admit that it is not a clean city. There are no paved streets and malodorous alleys. But the board of trade and the city council will make an attempt to improve matters, and it is believed that the streets will show some signs of improvement in the next month.

Neighboring Resorts

There are some very pretty resorts in the immediate vicinity of Leadville which will be more extensively advertised. Twin lakes is considered to be the prettiest body of water in the state, nestling below the towering peaks of the main range. Evergreen lakes a few miles west of the city, is another charming spot near which is located the United States fish hatchery, the largest trout hatchery in the country.

The prosperous condition of the city is probably best known by the large number of traveling men who stop here. A count kept for the past month shows an average of ten drummers a day, representing all lines of business. At present the shoe men seem to have the call. Six of them were in town a few days ago.

A few months ago the city council commenced its long drawn out litigation with the gas company, and about eight months ago brought about a settlement with the water company, and now is expected in a short time to put the last on a contracting basis.

A contract for a shipment of screen logs which are expected to average about $40 to the ton will be sent out from the Murray lease on the Wilson and the Free Coinage to-morrow.

A contract of $40 a ton has been made for the shipment by Sub Lessees Brennan & Co. from the upper levels of the Brady block of the Hull City property on Saturday.

A 25 ton shipment of ore (of $50) was made yesterday from the 300 foot level of the Little Mineral Company's workings on the Anaconda. While the ore has made a fine showing up to the present time, the assays show a falling off in values which would indicate that the shoot has been cut through so that the values have pinched down. More work will have to be done to prove up the permanency of the ore shoot. The working force on the lease has been enlarged.

A contract shipment of 100 tons of ore was started yesterday from the Steel Smith lease on the Fitzie. The ore is from Mountain Beauty ground where a steady production is being made. As the work is being carried on in the 500 foot level of the mine, it will not be long before the ore shoot is opened up at this level.

The shipping in the Cart lease of the Queen claim of the Pike's Peak Hur company north of the Good Will tunnel is improving and it looks as if steady ore shoots have been encountered on both sides of the tunnel in the same vein. The ore body in the north drift is thirty feet in width and characteristic with the same as that in the south drift carrying good streaks of very high grade ore, while the breast of the shoot is good for high smelting values.

RIGI RESUMED WORK

Good Value From a Vindicator Lease—Showing in Stewart Lease of Queen Claim Is Improving

Special to the Gazette

Cripple Creek, April 25.—The Rigi company, owning a large acreage on Battle mountain, adjoining the Portland group, today resumed work in the 500 foot level of the mine. A cross cut is being driven at this level, penetrating a rich lode on the far side, at which the company expects to strike good ore.

Lease & Willis, leasing on the Hull City placer of the Hull end, in consolidated company, shipped 120 tons of average ore, a half car load, yesterday. The lessees are doing fine work. The surface water, though they have a large body of it to grade off, is expected in the 500 foot level at a good profit.

The Cripple Creek Consolidated operations of the Vindicator will be started up in a short time. All of the ore which the company is taking out of the Cripple Creek washing is being carefully sorted, only good values are shipped. The reduction shipping at an average of $[illegible] per ton.

Fire in Maine leasing on the Christmas Gold Mining company's property for days to go, cannot be repaired and improved. The fire is in the shaft. The repairs will be made before beginning an extensive program of development work. The lessees are sure of good results.

Sub lessees are making a paying production out of the Lady workings on the Burns of the Anaconda company. Three sets of lessees are in good ore and all of them will be steadily in regular shipments very soon.

Work has been commenced by P. P. Russell on his new lease on block 9 on the Hull City placer. Mr. Russell expects in a short time to put the lease on a shipping basis.

A contract for a shipment of screen logs which are expected to average about $40 to the ton will be sent out from the Murray lease on the Wilson and the Free Coinage to-morrow.

A contract of $40 a ton has been made for the shipment by Sub Lessees Brennan & Co. from the upper levels of the Brady block of the Hull City property on Saturday.

Faith in Figures

If that faith is not misplaced, will save you lots of money. Advertisements should be to women a market report—not a fairy tale. If anywhere in town a dime will buy what usually costs a quarter, every woman should know it. There are about 20,000 names in the new City directory. Nearly half of them are women—that means about 10,000 thinking women. Perhaps one in ten may not know from actual experience how we live up to the truth in our advertisements. Will these 10,000 women put us to the test—using this advertisement FRIDAY AND SATURDAY?

New Wash Goods

All the popular novelties of the season such as silk mulls, Scotch and Irish batistes, cotton etamines, English grenadines and silk mixed ginghams are here.

REHEARSAL—The chorus choir for the State Sunday School convention will hold a full rehearsal tonight in the Y. M. C. A. building, beginning at 7:30 o'clock. During the early part of the evening Rev. Dr. Gregg, of Chicago, will deliver a Bible talk on "The Story of a Young Man."

RECEPTION AT TICKNOR—Tenkor hall, at the college, was the scene of a very pretty reception last night. The reception was given by the College Woman's club in honor of Miss Stratton, the new matron of women, and the members of the college glee and mandolin clubs were guests of honor. The parlors of the hall and the study room were used, refreshments being served in the study room. Officers of the society acted as a reception committee and the young ladies of the junior and senior classes served refreshments and assisted to entertain. The glee club sang one of its humorous songs and received a hearty encore. Miss Condit rendered two beautiful solos.

Even the most vigorous and hearty people have at times a feeling of weariness and lassitude. To dispel this feeling take Herbine. It will impart vigor and vitality. Price 50 cents. Hedley Arcularius Drug Co., 21 South Tejon St.

Anniversary I. O. O. F.
On April 29 the Santa Fe will make rate of $2.00 to Denver and return, good until May 1.

MEN'S STRING TIES

Are very unsatisfactory to the careless buyer. You pick out just the tie you want, take it home, put it on and don't like. Why? It does not fit. String tie should come in the length to match your collar. We're careful to ask you about those points when you buy here. In our large variety of new string ties we show not only the many varying color combinations but all the lengths as well.

At fifty cents we sell a grade of strings that is sold in other local and Denver stores at seventy-five and we sell you a fit. Our larger stock gives you a better selection, the price saves you money and you'll avoid the necessity of bringing them back because they aren't right.

THE NEWS OF MANITOU

GAZETTE'S BRANCH OFFICE: CHAS. A. GRANT'S STORE

FAREWELL DINNER TO COGHLAN

Memorable Event at the Cliff House Last Night.

COVERS LAID FOR EIGHTEEN

The Distinguished Guest of Manitou Will Leave Tonight for Washington.

The banquet which a number of prominent citizens of Manitou gave in honor of Capt. Coghlan at the Cliff house last night was the most sumptuous spread which has ever been placed upon a table in that city. There have been dinners and banquets before, but never one so complete, so well served, so fitly as the one which his friends gave to Capt. Coghlan last night. The banquet was a farewell to the captain, who will leave tonight for Washington, and some of those men, who by his frank manner and pleasant ways Capt. Coghlan has made his friends during his stay here, [illegible] return.

Mr. E. L. Nichols, Jr., of the Cliff house, had the banquet in charge and the repast was fit for kings. The private dining rooms in which the banquet was served were prettily decorated with palms and roses. Greens were sprinkled over the table and covers were laid for [illegible]. Most of those present made impromptu speeches during the course of the banquet and at the close every one shook Capt. Coghlan's hand and bade him godspeed.

Those present were: Capt. Coghlan, Mayor D. H. Rupp, H. H. Grafton, E. B. Grafton, Senator M. A. L. Wells, E. L. Nichols, Jr., F. D. Fox, W. A. Davis, A. W. Wilson, A. N. Stevens, C. A. Pollen, W. L. Sawin, W. M. Fitzsell, D. D. M. Philbee, C. A. Smith, Dr. F. E. Cooper and C. E. Tschudi.

The menu was as follows:

MENU.

Blue Points. Manhattan.
Celery. Olives. Salted Almonds.
Bouillon Celestine. Amontillado.
Shad Roe Maitre d'Hotel.
Sliced Cucumbers. Potatoes Duchesse.
Patties of Sweetbreads.
Margaux C. and P.
Larded Fillet of Beef. Pomery.
Green Peas. Potatoes Julienne.
Punch au Kirsch.
Roast Squab. Asparagus Tips.
Artichokes, qu. Mayonnaise.
Ice Cream. Cakes.
Coffee. Cognac.

OSTRICHES

WILL SOON BE RUNNING ABOUT AT MANITOU.

Enclosure for the Big Birds Is Nearing Completion and Prospects for Successful Farm Are Bright.

The ostrich farm will soon be running—that is the ostriches will soon be running about within the confines of the high board fence, which is already completed.

Work on the buildings and pavilions which will be used for the ostrich farm has been going on very rapidly during the past few weeks and in another seven days the place will be ready for occupancy. Fifty ostriches will be shipped from South Pasadena, Cal., within the next few days and will arrive in Manitou about the first of May. Before that time the pavilion will have been completed and the farm will be in running order and ready for the large summer trade which is expected.

The pavilion has been built near the car track on the southeast portion of the ground owned by the promoters of the enterprise and will be used for a gate and curio store. The cast fence has been painted with the words, "Patronize Home Industry," in large black letters. There will be four large pens inside the inclosure and these are being built as rapidly as possible. There is no doubt but that the enterprise will prove a great success in Manitou, and it is also an excellent advertisement, as it is the only ostrich farm in the United States, with the exception of some in California and one in Florida.

COG ROAD TRAINS REACH SUMMIT TODAY

Trains on the cog road are expected to reach the summit of Pike's Peak this morning. Yesterday the train which left Manitou at 9:25 went to a point within a few hundred feet of the top, and there is every reason to believe that this morning's train will go all the way. A large force of men is at work on the road and has been ever since the big storm of two weeks ago. The first passenger train to reach the summit house since the big storm will leave Manitou at 9:25 this morning.

HIAWATHA WILL NOT BE OPENED

It is announced on very good authority that the Hiawatha family concert garden will not open this year. Some time ago the information was given out that the garden would be run by its owner, Mr. Smith, but he does not think that he receives the right kind of treatment at the hands of the city and consequently will allow his place to remain closed this summer.

In the winter of 1896-97 Mr. Smith changed his Hiawatha Club house into the Hiawatha family concert garden, by the addition of a reading room, where all the daily papers of the east and west were kept for the convenience of tourists, a concert pavilion where a band played afternoon and evening, an art gallery, where some of the finest paintings in the west were admired by tourists during the summer, and by private lawn booths, where refreshments were served. The place was first-class in every particular and was very popular with the summer visitors in Manitou. There was nothing vulgar nor indecent about the place. On account of excessive fines for opening Sundays Mr. Smith was compelled to shut down the place, and there are those who think that Manitou was harmed when the Hiawatha closed.

There might be many more places of amusements in Manitou for the summer tourists. One of the trustees is in favor of a merry-go-round. The mayor says that if such things want to come to Manitou they can. Manitou is there and all they have to do is to put in an appearance. Others, however, oppose this. They say that Manitou should do some advertising and hustling for herself. A business men's club or a chamber of commerce would be a good thing, they say.

PERSONALS.

Mrs. L. M. Allen of Colorado Springs is spending a few days with Mrs. E. L. Nichols, Jr., of the Cliff house.

Miss Kate Seymour Gaylord of Denver is the guest of Mrs. E. L. Nichols, Jr., at the Cliff house.

M. M. Mathews and wife of South Bend, Ind., are recent arrivals at the Cliff.

Mr. and Mrs. O. R. Ames and Miss Ames are wealthy Boston tourists who are stopping at the Cliff on their way from California.

O. G. Wisbein is a Chicago visitor in Manitou. He is registered at the Cliff house.

John Powers of Chicago entertained two of his friends at luncheon at the Cliff house yesterday.

F. B. Butterfield and wife were Vermont visitors at the Cliff yesterday.

C. H. Hamett and wife of Philadelphia were at the Cliff yesterday.

Mr. and Mrs. N. P. Wardwell, Mrs. Mary Treadwell and Miss E. F. Treadwell compose a party of Watertown, N. Y., people, who are making a brief sojourn at the Cliff house.

GLEE CLUB CONCERT OCCURS THIS EVENING

The musical and society event of the closing days of the season occurs at the Opera house tonight when the Colorado College Glee and Mandolin clubs give their fourth annual concert. The clubs will be greeted by a large and fashionable audience.

The glee club is composed of 15 young voices, well balanced and thoroughly drilled. The mandolin club is composed of 10 instruments, evenly balanced. This club will rival the glee for the honors of the evening. George H. Crampton, the brilliant English baritone, will sing "The Toreador Song," and H. L. Scott, the [illegible] flutist, will play "The Brigand's Love Song." Following is the programme in full:

PART I.

"Soldiers' Chorus" (Faust).....Gounod
Glee Club.
March, "The Sibylline Girl".....Victor Herbert
Mandolin Club.
"The Owl and the Pussy-Cat"...DeKoven

THE NEWS OF COLORADO CITY

GAZETTE'S BRANCH OFFICE:
M. K. Rankin's Coal office, 513 Colorado Avenue.

THE CITIZENS STATE BANK

New Financial Institution for Colorado City.

CAPITALIZATION IS $30,000

Institution Is Meeting With the Healty Support of the People of the City—Has Fixtures of Old Manitou Bank.

The Citizens State Bank of Colorado City.
Capitalization $30,000.
Temporary location, corner of Colorado Avenue and Fifth Street.

A meeting of the men who are interested in the new bank which will soon open its doors for business in this city was held in the office of Franklin and Allam yesterday morning at 10 o'clock. At this meeting [illegible] was decided upon and [illegible] of the capitalization of the bank was subscribed.

The bank will be known as The Citizens State Bank of Colorado City and will, in all probability, be ready for business on Monday, the sixth day of May. The bank will occupy the east portion of the Colorado City Hardware company's store on the corner of Colorado avenue and Fifth street until the new Waycott building is completed about the first of August when they will move into a corner room especially designed for them. A number of the prominent and wealthiest men of Colorado City were present at the meeting yesterday morning and the $27,000 was subscribed in less than five minutes. One gentleman was obliged to be absent, but he sent a telegram saying that he would subscribe $2,000 toward the capitalization of the new bank. Twenty thousand dollars was subscribed by Messrs. McDowell, Burwell and McClure and they will be the principal stockholders in the new institution. Mr. McClure is a wealthy resident of Gibson City, Ill., and has had considerable experience in the banking business.

Mr. E. E. McDowell, of Fairbury, Ill., was at the meeting and expressed himself as highly pleased with the way the people were taking hold of the enterprise. The fixtures of the old Manitou bank will be purchased from J. B. Wheeler for use in the temporary quarters and the work of getting the room ready for occupancy will be begun at once. Mr. Waycott said yesterday that he would start work on his new building in a day or two and that it would be ready for occupancy by August 1.

CHAMBER OF COMMERCE WANTS ALL TO JOIN

The Chamber of commerce of this city is making great efforts to get every business man in the city into the membership list and their efforts are being rewarded daily. The following circular has been issued and will be sent to all those who have not joined the chamber up to this time:

"Dear Sir: The Colorado City Chamber of Commerce is a young organization, but it is growing rapidly. It was organized for the purpose of promoting the business interests of the city. It needs the encouragement and co-operation of every public spirited citizen and businessman of this community.

"We notice your name does not appear upon our list of members, and we not interest you in becoming a member? The membership fee is only $1.00. Will be pleased to hear from you. Respectfully,

"George F. Golzen, Secretary.
"By order board of directors."

MATURING PLANS FOR A BIG TIME

A meeting of the general management committee of the Fourth of July celebration was held Wednesday night in Franklin and Allam's office for the purpose of talking over the plans for the celebration. But three members of the committee were present, however, and no business was done. Those who were present talked over the matter informally, however, and will make a number of recommendations when the committee meets again.

The idea of having a military feature of the celebration seems to find favor with most of the members of the committee. The plan as discussed at a former meeting of the chamber of commerce is to provide tents and other equipments for the soldiers and have them camp on the vacant ground immediately west of the Bancroft school building. The management committee has power to appoint all sub-committees and a meeting will be held in the near future for this purpose.

CITY BRIEFS.

HANDKERCHIEF BAZAAR—The handkerchief bazaar given by the Woman's Guild of the Church of the Good Shepherd, is set for May 1, at the home of Mrs. Young, 1327 Colorado avenue, Colorado Springs. Tea will be served.

BASKET SOCIAL—The Degree of Honor will give a basket social in the A. O. U. W. hall next Friday evening, April 26. The admission will be 25 cents and ladies with baskets will be admitted free of charge. A programme will be rendered and dancing will be indulged in.

MAY DAY BALL—A May Day ball will be given in the Knights of Pythias hall May 1 by Pythian Sisters No. 23, Women of Woodcraft. There will be good music and a good time and everyone is invited. The price of admission will be 50 cents.

THREE A'S—The "Three A's" baseball team will meet tonight to elect the members of their team.

OLD TOWN REGULARS—The Old Town Regulars baseball team met Wednesday night and elected George Falk captain.

REBEKAHS—The Daughters of Rebekah met last night and initiated a number of candidates.

DIED—At 12 o'clock yesterday, Frank Clark, Sr., at his home in East Colorado City. Funeral arrangements will be announced later.

BALL AT WOODLAND—A number of city young people at Colorado City are planning a trip to Woodland Park next Friday evening to attend the ball which is to be given at the Woodland Park hotel that night. The dance is being given by the Woodmen of the World.

NEW HORSE—M. K. Rankin yesterday purchased a new horse from a rancheman south of Colorado Springs. The horse will be used on Mr. Rankin's express wagon for the present.

SURPRISE PARTY—A pleasant surprise party was gotten up by the children of Mr. and Mrs. Alfred Johnson Wednesday night, it being the eighth [illegible] wedding. A goodly number of guests were there and spent the evening in social enjoyment and were served a nice lunch. It was a complete surprise to their parents, who were the recipients of a handsome present.

ODD FELLOWS—Colorado City Lodge No. 77, I. O. O. F., conferred the third degree upon two candidates Wednesday evening. All members and visiting members are requested to meet at the hall Wednesday, May 1, at 1 p. m. sharp, to participate in parade at laying of the cornerstone of the new Whittier school building.

PERSONALS.

William Shaver has gone to Colorado Springs to live.

W. L. Counts is spending a few days in Denver.

Albert A. Foss has gone to Castle Rock, Colo., where he will remain permanently.

E. W. Starr, who has been visiting his daughter, Mrs. James Rice, in this city, has returned to his home in Cordova, Ia.

A. H. Huff returned from Denver yesterday where he has been spending a few days.

Mrs. Hattie Statler, who has been visiting her family in this city has returned to her home in Cardiff.

C. B. Phay, of Canon City, manager of the Copper Kink Mining company, was a visitor in the city yesterday. Mr. Phay formerly resided here.

F. L. Carringer, president of the Midland Savings and Loan association, was in the city yesterday on business.

AFTER 16 YEARS

JANE DENNIS CONCLUDES THAT SHE WANTS A DIVORCE.

All the Courts Had Considerable Business Yesterday—Justice Ruby Set Cases.

After being married 16 years, Mrs. Jane Dennis seeks a divorce from her husband. She filed papers in the county court yesterday, alleging non-support as the reason for the suit. She and her husband, Dunk, were married in Tennessee in May, 1885. They have no children.

In the case of Whelan vs. the Albemarle G. M. & M. company, in the county court, default was entered on plaintiff's motion.

In the district court the following cases were disposed of:

Lisle Harris vs. Genoa B. Stone et al., case dismissed against Stone on stipulation.

M. J. Hixon vs. Santa Rosa G. M. Co., judgment as prayed for in complaint.

Stewart McDougall et al. vs. W. H. Colburn et al., argument resumed and taken under advisement.

M. L. Chase vs. B. M. Barndollar et al., order dismissed at cost of plaintiff.

Allowance granted to Eugene A. Sunderlin, receiver for the Goldstone Mining and Milling company.

The defendants in the case of the People vs. F. Charles Morse, F. D. Carper and E. C. Hammond filed a demurrer.

Justice of the Peace Ruby set dates for trials yesterday as follows:

The Cheyenne Planing Mill Co. vs. P. J. Stein and wife, May 1.
People vs. William Macy, May 25.
M. and H. Clark vs. Mr. and Mrs. Davis, April 30.
Newton Lumber Co. vs. William A. Moslander, May 2.
Same plaintiff vs. John Boyd, May 2.
Same plaintiff vs. Leonard McGuire, May 2.
J. Hagen & Co. vs. Mrs. George Pearson, May 2.

Madam:—
Does the idea seem absurd to you of fashions for toys? They are never grotesque: always add a charm to toyhood: not necessarily costly. Request your favorite store to show you the latest styles in Crescent Bikes for Boys.

TO BRING "BRAKIES" TO COLORADO SPRINGS

An effort is being made by the chamber of commerce to have the National Air Brake association, which meets this year in Chicago, hold its convention of 1902 in Colorado Springs. Invitations are being prepared and will be sent to each of the 500 delegates to the Chicago convention. If the efforts of the local organization are successful it is probable that the jamboree in this city will draw 1,000 visitors here next summer.

The chamber of commerce offers to arrange excursions to near-by points of interest for the benefit of the delegates and their friends. A hall will be provided for the meeting and arrangements will be made for the comfort and entertainment of the visitors.

USHER-ROLLINS.

At the home of the parents of the bride at 5 o'clock last evening Mr. Newell R. Usher of Florence and Miss Edith Rollins of Colorado Springs were married.

The ceremony was performed by Rev. Dr. Scott of the Unitarian church.

Miss Rollins has resided here for several years and has the well wishes of a large circle of friends in her new life. Mr. Usher is a prominent young man of Florence in which city the young people will make their home.

New Oxfords.

Patent leather, patent kid and Vici; new lasts; new styles, at McCurdy's.

Those horrid fits of depression, melancholy, low spirits and sudden irritability, that sometimes afflict even good tempered people, is due to the blood being permeated with black bile. HERBINE will purify the blood, restore health and cheerfulness. Price, 50 cents. Hedley Arcularius Drug Co., 21 S. Tejon street.

FLORIDA PEOPLE ARE COMING TO LOCATE HERE

By tomorrow the population of Colorado Springs will probably be increased by the addition of 15 business men who are coming from Florida to locate here. Word has been received from Mr. D. D. Rogers that he left Daytona, Fla., on Tuesday with the party.

The newcomers are well-to-do business men who decided to settle in Colorado Springs after looking over conditions in this city.

M'KINLEY WILL SEE THE CAMP

Springs Committee Has Decided to Take the President Over the Short Line on June 7.

Owing to the generosity of Colorado Springs, the people of the Cripple Creek district will have an opportunity to entertain President McKinley in the mining camp on June 7, and the president will be enabled to enjoy a visit to the busy community in the evening. The citizens' reception committee of this city recently invited Mr. McKinley to go to Cripple Creek the second day of his visit here, and the committee was notified that the invitation has been accepted. Now the committee is formulating the details of the entertainment of the presidential party. It was suggested that the greater part of the second day be spent devoted to a trip to Cripple Creek. The idea was adopted, and the programme was sent to Washington for approval. As the itinerary of the tour, as previously decided upon, did not include a visit to the camp, the president decided to accept the arrangement, and a dispatch was received by him yesterday in which he said he cheerfully acquiesced in the plans of the committee.

The Colorado Springs committee has been most generous in making the arrangements, as it gives up the privilege of entertaining the distinguished guest for two days that Cripple Creek might have the honor of welcoming him. The itinerary of the president's western trip had all been arranged, and Cripple Creek was left out, but Colorado Springs feels that the great camp is so much a part of this community that a proper idea of the city and its resources cannot be obtained by the president without a trip to Cripple Creek.

A large committee of representative citizens of Colorado Springs will escort the nation's executive to Cripple Creek. It has not yet been decided what route will be taken.

The president will arrive in this city early on the morning of June 6, and will be entertained here that day. He will lay the cornerstone of the new Y. M. C. A. building in the afternoon and a big parade will probably be arranged in his honor. On June 7 the party will go to Cripple Creek, returning here in the afternoon and then continuing the tour eastward.

Four New Cars Are Now in the City

Four of the new cars of the Colorado Springs and Suburban Railway company arrived yesterday from St. Louis and will be put in use some time next week on one of the lines of the old Rapid Transit company, probably on Nevada avenue. The new cars are handsome affairs and cost about $5,500 each.

Within a few days the balance of the seven cars ordered by the new company will arrive at the Rio Grande yards and will be unloaded, tested and put on as soon as possible put into operation. The four which were received yesterday and five of the next shipment of six are closed cars. Five common cars have been ordered and will be here in July.

The cars received yesterday were manufactured by the Laclede Car company of St. Louis and are of the standard pattern. They are all enclosed, although the windows are large and may be lowered in such a way that the cars can be made practically open. They are 41 feet in length, double vestibuled and equipped with four motors. Christensen air is used and in point of equipment the cars are the most improved and up-to-date that it is possible to secure.

Each car has a capacity for seating 40 people. The seats are arranged crosswise with an aisle up the center.

Former Chief of Police John O. Henry has been appointed division superintendent of the new street railway. He will assist Superintendent McAfree. Mr. Henry is an experienced street railway man, having been in the employ of the old company several years ago.

American Machinery In China and Japan

J. J. Leighton, president of the Acme Machinery company and also of the Acme Car company of Cleveland, O., one of the prominent manufacturers in this city, is the city on a short visit, he is stopping with his wife at the Alta Vista.

"American machinery of all kinds is in unlimited demand throughout Europe and Asia," said Mr. Leighton last night "and to give you some idea of the way the orientals appreciate our mechanic skill, let me just cite you one instance. You are probably aware that the Chinese and Japanese, since the revolution of their governments, always discard all their wooden devices and dovetailed the improvements. Their houses, their furniture, carts and everything was held older in this way. In 1895, in Tokio, Japan, we set up a large plant for the manufacture of wire nails, and this industry has completely revolutionized the methods of manufacturing there. The company there now has several other plants near Tokio, but it is the only factory of its kind in Japan.

"All the lumber for this factory, every nail in it, and even the plans and specifications were sent from this country, and one of the Japanese members of the company spent eight or ten months at our Cleveland factory, studying our methods, and we sent an expert mechanic to Tokio to superintend the construction of these factories.

"America is away ahead of the European nations in the production of labor-saving machinery of all kinds. We send machinery to all parts of Asia, Africa and Europe, and it is indeed a benighted country where the inventive bent of American genius has not penetrated."

Youthful Burglars Are In the City Bastile

Dick Williams and Mike Farrell, two young boys, are languishing in jail on a charge of burglary. On Tuesday night the grocery store of Charles Stelling, at the corner of Oak and Kiowa streets, was broken into. The bay window was broken and the thieves effected an entrance in this way. Bread tickets, flower seeds and candy were stolen and some loose cash was also taken. The total extent of the robbery did not exceed $15, in all probability. Captain Fair got evidence against Williams and Farrell and arrested them. They confessed to the crime. They are young boys 12 and 15 years of age.

Detective Dayton and one of the detectives of the Rio Grande have been working after some boys who live in the northeast portion of the city. These boys have been amusing themselves by throwing stones at the trains as they pass. One stone went through a Pullman window. One day the boys piled a lot of spikes on the track and nearly threw a switch engine. The officers located the young fellows and gave them a good reprimand and then let them go. They are all young, ranging in age from 8 to 12 years.

The water department is having the big Colorado City ditch cleaned out and irrigation water will probably be running by Monday of next week.

THREE DAYS OF MUSIC AND MIRTH

The Quarto-Centennial Celebration Will Be a Festival That Colorado Will Not Soon Forget---Committees at Work.

The committees, in whose hands are the preparations for the great summer festival which is to be held in Colorado Springs under the name of the Quarto-centennial, in honor of the twenty-fifth anniversary of the admission of Colorado into the sisterhood of states, are at work and in a few days will be ready to announce the details of the greatest demonstration of the people that Colorado has ever witnessed.

The responses, which are constantly being received from every quarter of the state, assuring the Colorado Springs executive committee that the heartiest co-operation is to be accorded this city, gives assurance that when the programme for the three days' festivities is announced Colorado Springs will have fairly launched an entertainment for the state of Colorado and for the tens of thousands of tourists who will be within the borders of the commonwealth at that time, for which the gratitude of the rest of the state to this city will know no bounds.

Not since Colorado Springs became the leading tourist center of the west as well as of Colorado, has there been a gathering here that was distinctly a gathering of the people of Colorado. There have been political conventions and fraternity gatherings that have brought many people here, and the Quarto-centennial will do all of this, but it is a popular demonstration that is to be given and it will be an assembly of the people as a whole that will be witnessed here at that time.

It is likely that there will be more music in Colorado Springs during the three days of the Quarto-centennial than was ever brought together in this state before. It is proposed to secure every band in the state that is of any standing at all and to have music within the hearing of every person in the vicinity of Colorado Springs all the time during the three days of celebration. It will be a great occasion for the state and it will be a matter of pride for Colorado Springs people for a good many years to come.

Y. M. C. A. Has Sold Old Building Site

A real estate deal of double significance was closed yesterday by Mr. Charles P. Bennett. The deal consisted of the sale of the present Y. M. C. A. site on Bijou street.

Mr. De la Vergne purchased the property from the association for a consideration of $14,000. This means much to the association and to the business interests of the city. The association bought the property about two years ago for $10,000. The property is a frontage of ninety feet and extends back about 160 feet to the alley. It is a fine site for commercial purposes, and as Mr. De la Vergne intends improving it shortly it will mean much to the business section of the city.

For the time being Mr. De la Vergne will permit the Y. M. C. A. to use the building on the lot for their fall. The $10,000 which the association made out of this piece of property will go into the building and will materially help in erecting the handsome structure which is to go up on the site north of the Presbyterian church. The lot which the association owned on Tejon street, Mr. De la Vergne bought at a good profit and the new building site was bought at a bargain, all of which speaks of good business management in the directorate of the Y. M. C. A.

WHAT DID TOMPKINS DO?

"What Did Tompkins Do?"

Well, what he didn't do would be easier to relate, but it wouldn't be worth while.

Tompkins was a bad actor, in the vernacular of the hour, and his conduct for the two hours that the play continued, if portrayed before the reading public, would be a moving word-picture, the rapidity of whose action would be such that to read it would make a man unsteady for the rest of the day.

Harry Corson Clark is clever and the play which he is looking around this year is well adapted to his particular kind of cleverness. His supporting company is capable and unusually good looking. The situations are interesting and funny and the hits are frequent.

It was an audience of only fair proportions that saw the performance last night but those present seemed to be well pleased and there should have been more.

The costumes of the lady members of the company are particularly attractive, being noticeably up to date and tasteful.

SPRINGS MAN GOES EAST TO BE MARRIED

Frederic R. Hastings, the well-known real estate and investment man, who has for several years been one of the most prominent and successful young business men of Colorado Springs, will leave tomorrow evening for the east to be married.

He goes to Wellesley Hills, Mass., where he is to be married to Miss Mary Batchelder on May 14. Four days later Mr. Hastings and his bride will sail from New York for Italy and other points on the Mediterranean. They will travel through Germany, France, the British Isles and Norway and Sweden.

They expect to return to this country in September and will make their home in Colorado Springs.

DR. WILSON ON "WHAT CONSTITUTES A MAN"

"What Constitutes a Man" was the subject of a lecture delivered by Dr. C. H. Wilson last evening in the First Methodist Episcopal church.

The lecture was a masterpiece of thought and was splendidly delivered.

RUSSELL GATES MERCANTILE CO.

IT IS STRANGE

The excitement in oil stocks at the present time is a little surprising to the people of Colorado but fails to excite wonder in the minds of the people in the east. This is not strange when one recalls the days of the oil discoveries in Pennsylvania and other eastern states when enormous fortunes were made by the fortunate holders of oil stocks.

Who has not heard of "Coal Oil Johnnie," made rich by his fortunate speculations in oil, and yet he was only one of the many thousands that were raised from the ranks of the wage earner to the comforts of the capitalist. The development of oil lands in Colorado presents the same opportunity to all classes of people whereby they can secure an interest in this profitable industry at a moderate outlay, for an investment of a few dollars at the inception of a company which owns its land and is managed by conservative and thorough men of business may prove of great value.

The production of a high grade oil in Colorado for some years has demonstrated the actual existence of immense basins of oil. Explorations to prove the oil lands in western Colorado have directed attention to Rio Blanco county and here valuable oil lands have been found. Five thousand acres are owned by the Colorado Oil company and these lands are stated by experts to be most valuable. That oil exists beyond a doubt is shown by the existence of a spring of oil on the mountain side from which about ten gallons of oil of the finest grade flows every day.

Stock in this company is being sold at 10 cents a share fully paid and non-assessable and the prospects show that a few shares will prove a good nest egg. The Munson Investment company, 20 and 21 El Paso Bank block, are handling this property and it looks as if the same success that attended their efforts in California will be met with in Rio Blanco county.

Views That Made Colorado Famous

STEVENS

PERSONAL MENTION.

Miss Lunt is on a visit to Chicago.

Mr. A. J. Gorter of Butte, is in town.

H. E. Newland of Victor is at the Alamo.

J. E. Smith of Pueblo is a guest at the Alamo.

Mr. C. P. Overfield of Salt Lake City, is at the Alamo.

H. C. De Salay and J. K. Robinson of Denver are at the Elk.

C. S. Everet of Indianapolis, Ind., is a guest at the Alta Vista.

F. M. McClelvo and H. L. Hanna of Denver are at the Alta Vista.

T. B. Landon of Topeka, Kan., is stopping at the Spaulding house.

H. H. Hetherington of Prescott, Ariz., was among the late arrivals at the Elk hotel.

Among the Cripple Creek visitors to this city yesterday was Mr. G. T. Richmond.

Judge George Q. Richmond of Cripple Creek is registered at the Alta Vista.

Miss Lola Anderson of Denver is in the city visiting her brother at the Elk hotel.

Mr. C. E. Cobb, traveling freight agent for the C. M. & St. P., is in Colorado Springs.

William Lynch, D. Brown and James Glass of Victor are registered at the Spaulding house.

James Pettierew, a well known ranchman of El Paso county, is at the Spaulding house.

Mr. D. D. Mayo, general manager of the Rio Grande Express company, was in town yesterday.

Mr. and Mrs. C. H. Hennington and C. J. Donaldson of San Francisco are at the Elk hotel.

C. D. Graves of Rouner is in the city on a little business trip. He is registered at the Alamo.

Mrs. F. A. McCaslin, Jr. T. McCaslin and J. W. McCaslin of Cleveland, O., are at the Alta Vista.

Mr. J. C. Ferguson, traveling freight agent for the Union Pacific railroad, was in this city yesterday.

J. D. Kornlinger of Cripple Creek spent yesterday in this city. He was registered at the Spaulding.

Charles Keller and E. G. Vanatta and Mr. and Mrs. H. M. Fletcher of Cripple Creek are at the Elk.

Fred Palmer, a well-known mining man residing at Woodland Park, is spending some time at the Spaulding house.

J. A. Carruthers, E. W. Harbaugh, and H. C. Denny were among the late Denver arrivals at the Alamo last night.

Count Gabriac, who has been visiting Mr. Chester A. Arthur, left for San Francisco yesterday over the Rio Grande.

G. M. Bryson, architect, has recovered from his late sickness and was at business yesterday for the first time in several weeks.

Mr. and Mrs. E. L. Leighton of Cleveland, O., are en route from California to their home in the east. They are at the Alta Vista.

Harry Corson Clarke and two or three other members of his company were at the Alamo and the others registered at the Elk hotel.

Among the Coloradoans who are visiting this city are Messrs. C. D. Grove of Boulder, E. A. Newland of Victor, M. H. Bower of Cripple Creek and C. M. Robinson of Denver.

The numerous friends of Mrs. J. L. Pendery will be pleased to hear that she she has improved greatly since she went to Pueblo to drink the mineral waters there.

Mr. and Mrs. J. Hughes and three children are en route to Chicago on the way from California. They are visiting friends in the city and for the time being are at the Spaulding house.

Mr. and Mrs. Edward P. Lowe, children and maid, and Mrs. O'Brien and Miss O'Brien are a party of tourists from California en route to Cleveland, Ohio. They will remain at the Alamo for several days.

Suits $15, Pants $5, to Order.

Brooks' Woolen company of Denver. Opens today at the Alamo. Sample room, No. 14. Introducing that military shoulder. Full line of woolens to select from. Fit and finish guaranteed.

The best bread, pies and cake in the city. Delicatessen, 331 East Pike's Peak avenue.

Anniversary I. O. O. F.

On April 29 the Santa Fe will make rate of $2.90 to Denver and return, good until May 1.

CARPETS...

Greatest variety in town to choose from. The newest designs always, and always priced as low or lower than EQUAL VALUES can be bought elsewhere, to say nothing of the designs. These are a few of the prices:

50c A Yard — is the price of your choice of a great line of all-wool Ingrains in new and desirable patterns.

85c A Yard — is the price of your choice of twenty different patterns of best Tapestry Brussels, new designs, made and laid.

$1.00 A Yard — is the price of our newest designs and patterns in Velvet and Axminster Carpets, made and laid. Values in this lot up to $1.25.

$1.40 A Yard — is this week's price on Royal Wiltons. Everybody knows these goods, and that they are worth more. Made and laid at this price. Newest designs.

$1.75 A Yard — will buy one of our famous Bundhar Wilton Carpets. Finest goods made, and on sale only at this store. Exquisite colorings and designs.

RUGS, ART SQUARES, CURTAINS, PORTIERES, SHADES, DRAPERIES, LINOLEUMS, MATTINGS, ETC.

"The Stock of the town."

SILKS THAT WEAR

Phenomenal Silk business this week. The reason is plain. We have marked these prices and are doing the business. Three days more.

Black Taffeta Silks

Pure silk 18-inch black taffeta, soft finish, recommended for wear, at per yard 75c
Pure silk 21-inch black taffeta, usually sold at 1.00 a yard, this week per yard 85c
Pure silk 20-inch taffeta, absolutely matchless at our price, per yard $1.00
Guaranteed black taffeta silk in the different grades, priced, per yard, at $1.00, $1.25 and $1.00

Colored Silks

18-inch colored taffetas in brown, rose, cardinal, tan and gray, at per yard 65c
21-inch colored taffetas in brown, oriental blue, peacock, fuchsia and royal, at per yard 75c
19-inch Dexter-Lambert taffeta, the best made, all colors, at per yard 85c
20-inch pure silk peau de soie, all colors and black at, per yard $1.00

Foulards

The entire line of $1 and 85c Foulards on sale this week at per yard 68c
Better Foulards Marked Down.
FINEST BLACK DRESS SILKS.

THREE DAYS' SALE OF SHOES

$2.48 Ladies' High Grade Kid Shoes, button or lace, common sense, square and coin toes. Goods that have sold and are really worth to you $4 or $5 a pair. The following chart will show you the sizes and widths. It will pay you to see these shoes. $2.48

Clean Coal.

Coal is black—there's no getting away from that; but what we mean by clean coal is that it's free from unnecessary dirt, slate and stone; that it burns practically to clean ashes; that it gives out little or no smoke, and that sulphurous fumes are just about eliminated—which, briefly put, indicates that our coal is a fine coal for fuel and cooking.

READ THE WANT ADS--IT WILL PAY YOU WELL

IMPORTANT STRIKE MADE DEEP DOWN IN THE PORTLAND MINE

Five Feet of $100 Rock Encountered 1,200 Feet Below the Surface—An Entirely New Ore Body Encountered in Development Work.

Development work is always going on, and a vast edifice in the properties of the Portland Gold Mining company that the opening up of a body of ore or an improvement made here or there is, usually, not a matter for any surprise or particular comment.

The strike referred to was made on Wednesday afternoon when the president of the company happened to be making an inspection of the workings. It is something entirely new and a discovery at a depth of 1,200 feet from the surface so that it has an important bearing upon the whole Cripple Creek district as well as being especially gratifying to owners of Portland stock.

A drift was being driven from the main Burns shaft at the 1,000-level to connect up with the large ore bodies in the Hidden Treasure territory. It is being driven east of north and the new vein, which runs slightly west of north was encountered when about 500 feet of the work had been completed. The ore body has been measured up and sampled. It is evidently the juncture of two veins, and measures five feet across. Samples taken clean across the breast of the drift showed values of 9.70 and 5.84 ounces in gold or from $46 to $139 per ton. Further samples taken, returns upon which were received yesterday, showed an average value of about $100 per ton.

By driving into the hill the workings gain rapidly in depth and that is how the strike is made at a depth of 1,200 feet from the surface when the work is on the 1,000-foot level figured at the Burns shaft. And it is by reason of the great depth at which the strike has been made which adds to its general value so greatly although the fact that the ore body is so large and has such a high average value also lends great importance to the discovery.

In speaking of the strike yesterday President Burns said that it was one of the most important made recently in the mine. "It is pretty good evidence," said he, "of the permanence of the ore bodies of the Cripple Creek district as this is 1,200 feet from the surface."

$80 ORE FROM MOON-ANCHOR

The Lessees Have Marketed Their First Car of Ore From the New Strike and Find It to Average Four Ounces in Gold

Grieve, Clark and [illegible], who were recently granted a lease on the main workings of the Moon-Anchor property on 25 per cent. royalties, have made their first shipment from the new find at a depth of 700 feet, and returns received yesterday show that the car of ore averaged $80 in gold to the ton. The ore has been opened in a winze 15 feet below the floor of the level, and was [illegible] made.

It is stated to be a strong [illegible] enough, and, unless, besides the grade indicated by the shipment, a high grade streak which runs about $600 in gold to the ton.

The lessees have begun sinking in the main shaft, and intend to put it down another 100 feet, and then run out under the ore. If it is again encountered at this depth it will not only give the operators a very substantial block of stoping ground, but will be of great importance to the mine, and, in fact, to all of Gold hill, as up to the present times rich ore bodies have pinched above the depth where this strike was made.

It was stated in a local paper that the company was doing this work, but it is a matter of general knowledge that the main workings have been leased for three years.

GOOD STRIKE IN LEON

In Drifting From the 60-Foot Station An Ore Shoot Has Been Opened From Which An Average Assay of $36 Has Been Taken.

Day & Pherson, working jointly with the Leon Consolidated company on the property of the latter, have opened up some good ore in their drift at a depth of 60 feet from the surface. They are in a very fine looking ore shoot from which the following assays were obtained yesterday, $18, $22, $32, 41, while across the entire breast, the latest assay which has been obtained is $36 in gold to the ton.

In sinking, good assays were obtained at the contact of the [illegible] pay, indicating the presence of an ore body not far distant, but the operators deferred all exploration work until the 60-foot point was reached, when a drift was started on the granite side of the large dike, and the assays increased as work proceeded, until at last a solid ore body was shot into which has been improving as development work proceeded, as indicated by the assays.

This strike is of importance to Galena hill, as it is made in a locality where no ore in any amount has been opened so far. In sympathy with Leon, all the Galena stocks advanced yesterday, and Leon itself went to [illegible] cents.

PELICAN SHOWING SOME ORE

Braderick and Pick, Who Have Just Been Granted a Lease, Have Opened a New Vein, and Are Getting Fair Assays.

A good lease has been granted on the Little May claim of the Pelican Gold Mining company to John Braderick and Ed. Pick, who have already started to work sinking a new shaft, and who have opened up some streaks of ore already in a new vein. The assays run fair pay, although as yet there is no defined ore shoot exposed. The lessees are greatly encouraged, however, and are continuing the sinking, expecting to open up pay ore within reasonable distance.

The lease is granted for a term of 18 months, at 20 per cent. royalties, and stipulates for a good amount of work. The lessees are able to do good work, and have confidence in the ground.

The Little May claim is located on Ironclad hill, not far from well-known properties, and in a section of the camp very likely to come into prominence at any time.

NEW STRIKE IN GOLDEN CYCLE

Vein of Four Ounce Ore Opened in the Harrison Sixth--Main Shoot Proved Up for 200 Feet With Good Values.

In what is known as the Harrison sixth level of the Golden Cycle property a new vein has recently been cut which has turned out to be a valuable addition to the mineral resources of the mine. The vein was cut in the progress of drifting to make a connection with another drift in the mine, and it is evident that for a considerable distance the work must have been done almost parallel to the vein, for when it finally came into the breast it was at a very slight angle. The vein carries about three feet of ore which averages 4.20 ounces in gold, or $86 in gold to the ton. The drift is to be continued until the connection, which will shorten the distance for transporting ore to the shaft, is completed, and then the new find will be prospected.

In the 700-foot level of the mine the main ore shoot has now been developed for 200 feet, in which distance it has averaged between eight and eighteen feet in width. The screenings have been running between three and eight ounces in gold to the ton, and the coarse rock averages about $10 in gold to the ton, while the good values are still showing in the breast. The show for ore in this, the bottom level of the mine is better than has yet been developed. Stoping has just been started in the level, but production will be held down until the ore house is completed.

The railroad will extend through the ore house, and many alterations will be necessary. It is aimed to make the arrangements capable of handling the ore in the most economical manner possible. Meantime, the mine is producing about fifty tons a day.

ISABELLA WATER GREATLY DECREASED

From 1,000 Gallons Per Minute It Has Gone Down to 600 Per Minute--Delayed Work on 14th Level Now Going Ahead.

One of the water problems of the Cripple Creek district which has been neatly solved without any bother is that which faced the management of the Isabella company.

As was duly reported at the time, operations in the fourteenth level had to be suspended because of the heavy flow of water which came in spite of the fact that some of the leaks were plugged. But the situation was grasped with a full understanding of the water question and the miner and not the liquid now has the upper hand.

The heavy flow encountered was about 1,100 gallons per minute. It is now reduced to 600 gallons per minute, the plugs have been withdrawn, the machine drills are operating and the work of extending the fourteenth level is proceeding as rapidly as possible.

Mr. George Kilborn, the managing director of the Isabella company, studied the problem of handling the water. It is understood, in one of the wettest camps of Colorado—Aspen. He was seen by a representative of the Gazette yesterday and asked his opinion regarding the water question in the great gold camp. In substance he said: "There should be no difficulty in controlling the flows of water thus far encountered in Cripple Creek. My theory is that there are regular water channels running through the district which will be cut from time to time but I think that as each succeeding level is opened up they can be pumped out, at least that is what seems to be shown by the development of the district up-to-date."

LEXINGTON MAIN WORKINGS

Have Been Leased to John Enstrom Who Is Now Producing Regularly--Object of the Suspension of Work by the Company.

The main workings of the Lexington are now being worked under lease by John Enstrom, who is producing a good amount of ore, having continued operations from the point where the company left off. The lease was granted recently for a term of only six months, with royalties at the rate of 25 per cent. flat, and seventy-five shifts of work a month stipulated for.

This move was taken by the company to avoid running into debt by persevering in the work under the conditions, which were not very favorable to profitable mining. The shoot appeared to be irregular, and much dead work had to be done in the course of the operations, which cut down the profits from the ore when it was opened up. It was thought, therefore, that by receiving 25 per cent. royalties on the ore shipped, the company would be receiving quite as much profit from the ore as it had when they were carrying on the work.

The properties of the Lexington are located on Gold hill between the Blue Bell and Buttonhole group, and not far from the Anchoria-Leland. The Good Will tunnel is now being driven to connect with the Lexington shaft at considerable depth. Gold hill has appeared to have numerous barren streaks, and it is not unlikely that the Lexington is sharing the experience of all the large properties on the hill; but it is generally thought that ore will be opened when exploration is started at a lower point, and meantime that the company may not become crippled before then the working of the ground is entrusted to lessees.

ACACIA LOSES SOME GROUND

The Acacia Gold Mining company has lost title and possession to a portion of the surface of its Burns claim on Bull hill, the loss having been sustained through the failure to pay the tax on certain lots in the town of Altman and by the passing of a sheriff's deed to a man who is understood to reside in Kansas.

As is well known there is one of Altman covers a portion of the Burns claim, five blocks in all being situated on the property, and on these is a special real estate tax imposed. In some way this was overlooked, and enough lots were sold to pay up the delinquent taxes. While a director of the company admitted that a sheriff's deed had been given for a certain portion of the claim, he did not state just how much of the surface rights had been lost.

It was rumored yesterday and the day before that the mineral rights had also been lost; but the director referred to denied this. The sale of the ground was discovered when it was attempted to lease this portion of the company's ground. It will be remembered that the company decided to grant leases to cover all of the Burns claim a few days past. It will now be necessary for the lessees to rent surface ground or make some such arrangement in order to get down to the portion of the claim which the Acacia company still owns. It appears that the sale of the lots is final, as the deed has been passed, and from [illegible] a tax deed has become practically incontestable.

MINING NOTES AROUND TOWN

Yesterday was a lively day in the dividend world. Three dividends were paid, the Gold Coin, Vindicator, and Leadville Golden Eagle; and the books of the Creede and Cripple Creek company closed previous to the payment of that company's dividend on May 1. The dividend of the Vindicator company is at the rate of three cents a share on the 1,100,000 shares outstanding and amounts to $33,000; the Gold Coin pays $30,000, which is 3 per cent. on the capitalization, and the Golden Eagle company, which was lately been listed on the local mining stock exchange, pays 1 per cent. on $500,000, or $5,000. The Creede and Cripple Creek company pays two cents on 500,000 shares, amounting to [illegible].

PLANT OF MACHINERY ON NEW PHARMACIST SHAFT.

George Wrockloff, leasing on the Pharmacist property, has ordered a good plant of machinery to be placed over the shaft which he is going to sink on his block of Pharmacist ground. It is already down to a slight depth, and the machinery will be serviceable just as soon as it can be installed. He is maintaining an output of 40 tons a week from the new strike in Pharmacist ground, the ore averaging about $30 in gold to the ton. From his lease on the Burns claim of the Acacia he is also maintaining an output of 40 tons a week, and this ore is good for $100 in gold to the ton.

READY FOR PRODUCTION ON THE BABY McKEE.

The Bonanza Leasing company, operating the Baby McKee claim on Gold hill, one of the properties of W. S. Stratton, has now got its ore body well opened up, and will be able to maintain a good-sized production for some time to come. In order to facilitate the output, however, they are now installing a plant of machinery which they have moved from the Maggie claim on Bull hill. A few shipments have been made from the ore body in the McKee claim, and the returns have indicated good values, one of the shipments running into smelting ore.

MINES ARE TROUBLED WITH SURFACE WATER.

The Cripple Creek mines are now combatting their usual spring allowance of surface water, which, although it is not so bad this year as it was last, is still causing operators considerable annoyance and will probably cut slightly into the production of the camp this month. The larger mines are not so much troubled, as they are getting their output from the lower levels, but the properties where ore within [illegible] feet of the surface is being obtained find the seepage to be very annoying, and the shallow shafts which have just been started are more or less drowned out.

TWO MORE GUSHERS REPORTED FROM BEAUMONT.

A telegram was received in the city yesterday announcing the rumor of two more gushers in the Beaumont district, but the location has not been learned as yet. The excitement is constantly gaining in intensity, and ground considerably south of the Lucas gusher is now selling for $2,000 an acre. The gushers which have come in since the Lucas are located north of that well. It is almost impossible to secure ground at any price, and owing to the crowds of people flocking to the city, accomodation of all kinds is at a premium.

ASK YOUR NEIGHBOR.
Hundreds of Colorado Springs Citizens Can Tell You All About It.
Home indorsement of the public testimony of Colorado Springs people should be evidence beyond dispute for every Colorado Springs reader. Surely the experience of friends and neighbors cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:
Mr. M. J. White of 506 Valley street, retired farmer, says: "Doan's Kidney Pills relieved me of terrible distress from backache and difficulty with the kidney secretions. I could hardly turn in bed and the too frequent action of the secretions was very annoying. I procured Doan's Kidney Pills at Jones & Wellington's drug store, 120 Tejon st., and took them according to directions. I felt better in a short time and was finally cured."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—take no substitute.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, April 25.—The market today again was brightened by a few streaks of light in the shape of advancing stocks. Galena hill shares were considerably strengthened by the report of a good strike on the Leon property. Ajax, Ben Hur and Detroit also had a good effect on the trading, although in Detroit the large amount of profit taking, and hammering of the bears, was not without its effect in unsettling the trading. The mines list is very sluggish, the stocks which are at all active in that list being the lower-priced ones, there seeming to be practically no demand for the dividend-payers, although there are always a few orders on the floor for Portland at $3. Elkton is a fluctuator, but the price is evidently being maintained by what has very aptly been described as "financial muscle."

The market upon the afternoon call had a healthier tone than it has had for several days, and while no striking change, conditions seemed to be changing for the better. In the mines Argentum-Juniata closed at 24½, Butterfly 41, Doctor-Jack Pot 55¾, Elkton $1.62, Gold Dollar 18, Isabella 68, Jack Pot 55, Pelican 15½, Prince Albert 4¾, and Work 17½. In the preferred prospects Alamo was stronger at 13½, Central closed at 9½, Oriole 4¾, Rose Nicol 6. In the prospects Kitty Gold was weaker at 1½, Leon Con. active and much stronger closing at 3. Navajo was 3½, Quito 2½. In the unclassified stocks Detroit was again the most active, opening at 4, selling up to 4½ (buyer 30) and closing at 3¾. Cripple Creek was 1¼, National 4½, Sedan 9½, Zoe inactive at 4.

The total amount of the sales for the day was 566,150 shares, the cash value of which amounted to $22,209.

EXCITING SCENES AT BEAUMONT

Beaumont is a seething mass of excited humanity. Speculation is running a desperate race. Time is counted by minutes. Men rush about carrying telegrams, maps, private papers, unopened letters in their hands. The hotels are filled to overflowing and every private house that can be entered has its stranger guest. In some of the hotels bath tubs are used as beds every night, and the late man who gets a half mattress in a bath tub counts himself in great luck.

The hotel lobbies and verandas cannot accommodate the people who would trade there. The sidewalks in places are impassable and the streets are good enough in which to close a deal. You cannot look in any direction you cannot go to any place without bumping into men who scan the omnipresent blue map with an intensity sometimes humorous and often pathetic. The millionaire walks the streets here, but so does the poor man, the man of very limited means and scarcity of time, who made a hurried trip to Beaumont in the hope that he may get rich quick by a fortunate turn. He has his little stake in his pocket, and he has only a few moments of fleeting time to decide yes or no quick, on a proposition. People here won't wait, for there's always somebody else right at hand ready for what you may decline. Every hour in the 24 the trading goes on.

Jokes and badinage do not hold their usual place here now. Oil, oil, oil, nothing except oil, is talked about. You can't find company for conversation about anything else. Those who can't find standing room in the lobbies or on the verandas go to their rooms where lights burn from dusk until daylight, and where the scratching of pens and the click of typewriters and the hum of voices make even comparative quiet impossible. The wakeful sleeper, the man suffering with insomnia, should stay away from Beaumont. The unnatural brightness of eyes, the strained look upon faces, the haste, the hurrying messenger boys, the crowds at the telegraph offices, all tell a tale of nerve exhausting thoughts and trying physical effort.

Cripple Creek in its most feverish days did not present the like of what is going on at Beaumont. Men from Cripple Creek say so. Veterans of the eastern oil regions (they are here in numbers) look about amazed and admit that the excitement here beats anything they have ever known at home. Conservative folk receive a severe shock on their arrival, and their surprise grows with the length of their stay.

The five gushers are beyond question the greatest the world has ever known. Standard Oil officials, oil men from Pennsylvania and well informed foreigners are agreed in this.

With the "coming in" of a gusher the people seem to almost lose their senses. Judgment is thrown to the wind by the curbstone brokers and credulous buyers. Nobody knows how extensive the oil field is and anything in oil lands or lease is salable. Prices go up by leaps and bounds. Some purchasers buy without inspection of the land. Leases are jotted down in pencil. Time is too precious to many to wait for the examination of an abstract.

Land changes hands at a profit and a moment later is sold again at an advance of hundreds or thousands of dollars. Millions are talked of as ordinary amounts. In a word, there is a craze for land and those men who are shrewd, judges of opportunity, are making money "hand over fist" by rapid buying and selling.

Property in Gladys City, as the location of the gushers is known, was worth $6 and $8 an acre before the Lucas well came in. Today property is selling near the Lucas and the Beatty for $27,000 an acre, and will sell for more next week. During the last 20 days much land has increased 10 times in value solely on the basis of possibilities, and the eagerness of people to buy. A very remarkable feature of the dealing is that all is for cash. Mortgages are not being filed except in limited number. Men without money to back them can't find anybody who will listen to them. The Beaumont banks are carrying from 500 to 400 per cent. more in deposits than before the oil excitement. They find it difficult to express money in fast enough. Five thousand dollar bills, $1,000 bills and big checks and drafts are common things. Men carry them around in their pockets for emergencies.

The Lucas looked disappointing. The derrick had been removed, and all the people saw was a flat-topped cone, 10 feet in diameter, which held in check the oil known to be pushing strong from below. Near by were two storage tanks connected with the cone by a ten-inch pipe, and from each tank was a connection to an eight-inch pipe which lengthened out over the prairie to Lucas station, several miles away, where powerful pumps send the oil to El Vista and to Port Arthur. At El Vista are four tanks, each of which will hold 50,000 barrels, and two tanks with a capacity of 25,000 barrels each.

At 4 o'clock a great shout told that the Beatty had been turned loose. Slowly the golden fluid rose until it reached a height of not less than 60 feet. It was a four-inch stream. Under the force of a light wind blowing the oil shimmered out into heavy drops and spray and fell to the earth toward the east. As the oil ascended the multitude went wild with enthusiasm. They cheered, they waved hats, they waved handkerchiefs and umbrellas and some even jumped up and down excitedly. It was joy and exultation loosened for a moment through the safety valve of natural and hearty enthusiasm. The gusher was a grand sight, and its roaring could be heard a quarter of a mile away.

After the well had spouted half an hour the four-inch cap was taken off and a six-inch stream turned loose. Again the people went crazy, for the six-inch flow rose to a greater height than did the four-inch. Ten minutes the Beatty was allowed to flow and then the man with the slicker over his head entered the derrick and turned the valve.

Thursday afternoon the Heywood well came in, a great gusher, the sixth in the Beaumont field, which still is without a "dry hole." The news reached town at a time when everybody was feverish and oil land took a jump that made recent sellers sick. One man, who owns five acres adjoining the Lucas gusher, refused $60,000 for two acres and seemed to think the proposition a bit absurd. Stocks also advanced. Subscription became even more active. Men walked the streets with stock certificate receipts in their hands. They stood in the hotel lobbies and received orders for thousands of dollars in shares. One man at the New Crosby hotel got $5,000 in less than two hours.

In company and broker offices in Beaumont you cannot get a hearing unless you have important business. Unopened mail is stacked upon desks and in drawers are big bunches of checks, drafts and postal orders which have come from all parts of the United States. Lawyers are overworked, they could utilize 48 hours a day. A bewildering whirl is life in Beaumont today.—Condensed from Kansas City Star.

Mothers! Beware of those secret robbers of your baby's quiet and health. Those sleepless nights and long hours of tiresome vigil are caused by those terrible enemies of childhood—worms. Destroy and remove them with White's Cream Vermifuge. Price 25 cents. Hedley-Arcularius Drug Co., 21 South Tejon St.

SPORTING NEWS AND NOTES

LOCAL GENERAL

MILLIONAIRES WON THE LAST

A Fine Exhibition Marked the Closing Game.

MANY SENSATIONAL PLAYS

Gaston Pitched Great Ball The Springs Bunched Hits in the Second Inning—One Triple and Three Double Plays

It was a pretty game of baseball from beginning to end and the Millionaires won by a score of 4 to 2 A prettier exhibition of the national game has never been given here

Twenty hits all told were scored off the four pitchers and 10 were knocked out by the Millionaires Only four errors marred the beauty of the play and two of these were credited to each team Three double plays and one triple play were among the features

Gaston made his first appearance in the box for the Millionaires and showed himself to be a fine pitcher He is a southpaw and has fine speed With the exception of the season he will get very slight time and will be one of the best pitchers in the league Smith followed Gaston and pitched a good game Meredith was fairly good for the Springs in his second inning and the hits off him were on the gamble Lyle pitched the last part of the game and showed a little better form than in his previous appearance (Incorrect) He allowed only one hit

Hulen played for the first time and showed up well at second Holl made a star at second and O'Connell did good work at first McHale made another fine catch in center Donahue is a power of strength behind the bat and his throwing to first was one of the best features of the game Both teams hit hard and Denver got in a pretty triple that kept the score down Brown and McNeel umpired again and gave satisfaction

The Game

Meredith started in the box for Denver The first batter went out and the Millionaires rolled up two runs in the first Mohler got first on a present to Holl and Hale followed with a hit off second Murphy followed with a hit Hale was caught stealing third Holl's hit was a difficult one and threw the runner out at first

In the second Gaston got to first on Mohler's fumble and Schaefer got on a three bagger to center field Hitting to Gaston Donahue singled and Schaefer went home O'Connell hit for two over second but Donahue was killed at third on Holl's drive to Hulen Closson hit to shortstop and Mohler's fumble on second allowed all to go safe O'Connell scored on the play McHale hit to Mohler who threw to Hickey on second who fumbled the ball to Law on first and a double had been made It was fast work This retired the side with a score of 3 to 0 in favor of the Millionaires

Lawler led off first Sullivan made a hot drive to short which Hulen stopped nicely but not in time to get the man Hale got a present Weaver found McHale in good form in center and two men were out Hickey flew out to Hemphill

Hulen started the third with a drive for two bases Hemphill followed. Gaston singled and Hulen scored Schaefer hit to Lajoie and Holl got double was made by first work Gaston and Schaefer going to third at second and first respectively For Denver Meredith fanned the breezes Mohler hit safe past pitcher McCarthy hit to Gaston who threw to Hulen on second who threw to O'Connell on first and another double was made

In the fourth Donahue singled over third O'Connell followed with a safe drive through Hulen Holl got in a pretty bunt just beyond pitcher's reach and the bases were full Then came the triple Closson drove a liner to Hickey who took the ball without any hesitancy and immediately shot it down to third where O'Donnell was caught and he lifted it to first the ball back to second and O'Connell was caught before he could get back to the base

There was Denver's inning at the start through Hale first started off bad by fanning but Sullivan singled Holl made a sensational pick up Hale's hot drive and threw him out at first Weaver got in a well placed single and Law and Sullivan trotted home for Denver's only score Hickey got first but Meredith fanned

One two three as the order in which the Millionaires retired in the fifth McCarthy got as far as second for Denver it was forced out at third

Arthur took Donahue's place in the sixth and did good work The first three men in order again retired Smith went into the box in Closson's place and Hale singled off him Lajoie made a fine little Denver center fielder at second and third Weaver flew out to McHale and Hemphill made a beautiful catch of Hickey's hit to short left field Hulen failed to score for McHale got to a long run and made the catch which cut out Mohler's safe hit

Lyler took Meredith's place in the box in the seventh He fooled O'Connell on his change of speed and the first baseman fanned Holl flew out Closson got in a pretty three bagger but Weaver Hale went out from pitcher to first For Denver McCarthy went out to Hulen O'Connell Radcliffe went out from Holl to O'Connell and Law went out the Hulen to O'Connell route

In the eighth Hulen went out as the result of pretty work by Mohler Hemphill landed a three bagger over second have he went out trying to convert it into a home run Smith was retired by Law For Denver Sullivan went out as the result of a pretty catch by Hemphill Hale got a present Weaver fouled out to Arthur Schaefer stumbled and Hemphill went after Hickey's hit and the runner reached first Pop Lyler went out Closson Holl to O'Connell

In the ninth Schaefer made a high fly over second which was taken in by Weaver after a long run Arthur was retired at first O'Connell flied and Holl got in another hit but Closson went out from shortstop to first For Denver Mohler went out on three strikes McCarthy was the victim of Holl and O'Connell and Radcliffe went out like wise and the Millionaires had won the last of the series of three games

Following is the official score

Umpires—Brown and McNeel

AROUND THE BASES

The Millionaires will go to Denver tomorrow and will play the Criollos three games and then come home They will play the last exhibition game between the teams before the season opens next Friday On Monday Tuesday and Wednesday the Millionaires will probably play with the college teams

The college team will hold a short practice this morning and will leave at 10 o'clock for Denver They will practice in Denver this afternoon and then go to Fort Collins for the return game with the Aggies The team will be back to play in this city

The Denver club is having better luck with the weather than the National league

That was baseball said an old fan after yesterday's game And so say we all

The committee appointed to raise the guarantee money in some hard licks today That team of Hulen's is going to win the pennant and Colorado

There was a good crowd out yesterday but not quite as many as on the previous days but a good crowd nevertheless When the season gets going there will be many more

$1500

THIS IS WHAT IS NEEDED TO SAVE THE BALL TEAM

This Amount Must Be Pledged This Week and Paid By Friday Next

The baseball guarantee must be raised this week

What is needed and must be raised is the sum of $1500 Colorado Springs agreed to raise $500 and has raised more than that Mr Lackard secured the notes necessary to bring the Millionaires here by raising the guarantee to $600 and he is not to be protected in this to before the team begins a long series in this city Fifteen hundred dollars pledged by Colorado Springs people to tomorrow night and handed into the hands of the baseball manager for deposit in the bank the next Friday will make the thing sure and everything will be okey Colorado Springs ought to come forward with the amount and will do so

Thirty dollar tickets will be issued to as many as desired at one time and giving a limitance to the grand stand are to be offered the public as a means of paying the baseball team for Colorado Springs A number of these tickets were sold yesterday They are more popular than the single admission to a game ticket which was sold for $1 at the first

These $30 tickets have 60 coupons Any number of coupons may be used at a game If a man desires to take his wife or his girl to the game he can do so and a man can take her into the grand stand too If he is not able to do so the next game he can take another lady or take an extra person in place of the first one The $30 tickets are better than the $1 tickets If anybody holds a $30 ticket and want to change for the $30 ticket the ticket will be allowed to do so

There are 1000 tickets to be sold in the Brown grand stand and these should be disposed of at once and would all add make up the baseball fund complete

That extra $1500 must be raised this week or the team goes up smoking A team that can play ball like the Millionaires did yesterday is worth keeping The ball team from here is working to save the team The citizens are asked to help The following gentlemen have been appointed on a committee to raise this money by securing subscriptions for tickets Joe L Franklin Albert McCreery D P Wood W Kennedy W M Barbour C F Kettig J W D Stovall D H Rupp James Gardner H Hayward A M Allen Don C Goddard Q I Hicks K Mathewson H S Rogers Harry T Lowe Phil D Wilson Chas Chandler and Grant Harlan These gentlemen are asked to get at work early this morning and sell as many tickets as they can They are asked to take subscriptions for the sale of tickets and to report progress at a meeting to be held at the chamber of commerce at noon Quick work must be done to save the team

It is up to the citizens said Manager Hulen yesterday I can go to several places with my team If Colorado Springs wants us we will stay and will play for the pennant

THE NEWS OF CRIPPLE CREEK

An Entirely New Tunnel Project Is Under Way.

TO WELCOME THE PRESIDENT

Great Ovation Will be Given the Distinguished Party Attempted Suicide of E J Sexton

Cripple Creek Bureau
Colorado Springs Gazette

Cripple Creek April 25—J R Hanson Jr of the well known mining engineering bureau of this city announces that arrangements have been made to commence the drilling of a tunnel between four and five miles from here that will tap the camp at a depth of about 1000 feet The tunnel will be used both for drainage and transportation purposes Mr Hanson states that the requirement of capital amounting to $500,000 and that the tunnel will be driven independent of any mining company of the camp The engineer expects to point south of Victor and the bore will pierce the earth beneath the propositions to the mine owners to the effect that nothing will be charged them unless their properties are being drained by it The present is not being considered by the engineer, but by the end of years when the tunnel is completed he figures that many companies will contract with him to drain their mines which at that time will have reached a depth of 1000 feet

Ovation for President.

A report reached the camp today that President McKinley and party would be in Cripple Creek on the morning of June 8 If this is true possibilities will be forgotten upon that day and the party will be given the greatest ovation ever tendered any of the visitors to the camp The Woman's club of this city is entitled to the credit for it took the initiative in inviting the party here although the council and citizens heartily seconded the movement Arrangements will at once be made for an appropriate reception

Attempted Suicide

Edward J Sexton and Surat Martin employed by the National Fire Insurance company of Denver made an unsuccessful attempt to commit suicide at an early hour this morning at the National hotel in the room of a fire insurance man Charles W Cole of Denver

Mining Property Sold

Under the hammer of Harrigan today occurred a public auction the Alice Raven Gold Mine property to satisfy a judgment obtained in the district court of this county by George A Joslyn for $[illegible] Attorney D P Wilder acted for Mr Joslyn bought the property at the bidding $[illegible] The defendant company can redeem the property within six months Nine months from today Mr Joslyn will receive a deed to the property unless it is redeemed

Fay Reyrlitz was arrested this morning by Deputy Sheriff Neal The boy is thought to have escaped from the State Reform school at Golden

EASTERN MARKETS.

New York April 25—Speculative sentiment showed a decided improvement today over that which prevailed yesterday although the opening was very irregular and at times very feverish The heavy speculative detail which was a component of yesterday and on previous days of the week relieving the over urgency on the speculative holdings doubtless was a great deal to do with the better tone of the market The day's circumstances were Unfavorable enough yesterday for a markable spurt and a disposition to talk more account of the gloomy rumors of actual developments concerning the property relieved the feeling of uneasiness over yesterday's extraordinary language in the stock with in the measure led to a bit idea now going to the short covering sell that they had looked to cover by profit taking in other quarters The opening of the market showed a strength to the average of one of the features which was still Wall street traders in touch on good news Hence as soon as it became known that the Northern Pacific news was greatly all the news of a pacific character bearish operations in the speculative bear feeling realization The settlement effect is always marked owing to the moral gain which have been coming from influential quarters to some time past to the over speculation threatened the stability of the position of the stock market For the first time this week the bears refrained from their usual attack on the market and there was not the flood of selling orders which have been a feature of the last hour of each previous day in the week The fact that the bears had covered and were in a fairly relaxed mood no doubt to an extent to any sudden effect though there was a distinct ebb of prices in the last hour on short notes for the day and all prices were considerably above the lowest of the day

Chicago Grain and Provisions

Chicago April 25—What looked like the beginning of a period of the 1 1 1 pattern in wheat was the feature of speculation today The high level of the day closed only 1@1½c lower Wheat advanced on drying up of cash demand Moderate receipts May closing 1[illegible]c Oats closed unchanged and provisions 2½@5c to 7½c improved

The basic strength of the corn market in spite of the manipulation which has made speculation in the May delivery a nervous racking proposition was shown by the yellow cereal during today's session of the board of trade Phillips credited with attempting to run a corner sold at least 2,000,000 bushels of May corn and in doing so showed how firmly he has his hold on the market Although fluctuations were violent the close found May at 48 the price at which the bull leader had admitted his willingness to sell Meanwhile he bought as much July as he had sold of the nearer fall

The leading futures range as follows

Wheat No 2	Open	High	Low	Close
May	[illegible]	[illegible]	[illegible]	[illegible]
July	[illegible]	[illegible]	[illegible]	[illegible]

Amusements.

SAG HARBOR.

James A Herne's Sag Harbor will be seen at the Opera house on Tuesday evening next The engagement is all too brief however for a play that has been conceded generally to be one of the best of its kind in the whole range of the American drama

So great was its success in New York where it ran three months and in Boston where it played to record houses a little short of four months it was great indeed was the favor in which it was held necessary at this time to go

LEGAL NOTICES

Notice of Annual Meeting of Stockholders

Colorado Springs, April 4, 1901

To the Stockholders of The Colorado Springs and Cripple Creek District Railway Company:

You are hereby notified that the regular annual stockholders meeting will be held on Monday, the 6th day of May, 1901, at 10 o'clock a. m., at the office of the said company, in the Durkee building in the city of Colorado Springs, Colo., for the election of directors for the ensuing year, and for the transaction of any other business that may properly come before the meeting.

The transfer books of the company will close on April 15, 1901, and remain closed until the expiration of three days after the final adjournment of said meeting.

By order of the board of directors.

J. F. Drexer, Secretary.

First publication April 26, 1901.
Last publication May 6, 1901.

NOTICE

The annual meeting of the stockholders of The Manitou Mineral Springs Company for the election of directors and the transaction of such other business as may come before such meeting will be held at the principal office of the company, at Colorado Springs, Colo., at 12 o'clock noon on Monday, May 6, 1901.

John F. Lindstrom, Secretary.

First publication April 26, 1901.
Last publication, May 6, 1901.

NOTICE

The annual meeting of the stockholders of The Highland Park Company for the election of directors, and the transaction of such other business as may come before such meeting, will be held at the principal office of the company, at Colorado Springs, Colo., at 10 o'clock noon on Monday, May 6, 1901.

John F. Lindstrom, Secretary.

First publication April 26, 1901.
Last publication, May 6, 1901.

Notice of Deferred Annual Meeting

The deferred annual meeting of the stockholders of The Golden Dale Mining and Milling Company will be held at the office of the company, room 11, Bank building, Colorado Springs, Colo., on Saturday, May 25, 1901, at 4 o'clock in the afternoon, for the election of a board of directors and for the transaction of such other business as may properly come before the meeting.

Books for transfer of stock will close at 4 o'clock p. m. on Monday, May 20, 1901.

F. H. Pettigell, President.
L. A. Civil, Secretary.

LEGAL NOTICES

Notice of Special Meeting of Stockholders.

Notice is hereby given that a special meeting of the stockholders of the Gold Hill Mining Company, of Colorado, will be held at room 11 in the Bank building in the city of Colorado Springs, in the county of El Paso and state of Colorado, on the 3d day of May, 1901, at the hour of 10 o'clock a. m., for the purpose of ratifying and confirming the action of the board of directors of said company at a meeting of said board held on the 1st day of April, A. D. 1901, recommending the company under the name of the Gould Consolidated Mining Company, with the capital stock of 2,000,000 shares, of which 25,000 shares to be issued in exchange for the property and business of the Gould Mining and Milling company, and for such other purposes for which the same may be required.

Dated at Colorado Springs, Colo., this 1st day of April, A. D. 1901.

(Attest) D. WEYAND, President.
F. M. PURDY, Secretary.

First publication April 2, 1901.
Last publication May 2, 1901.

SEALED BIDS

Will be received by the city treasurer of the city of Colorado Springs until April 30, 1901, at 4 o'clock p. m. for the following horse feed:

Hay, Cracked corn, Oats, Oil meal, Bran, Salt, Chop, Straw.

Opening for bids by the city treasurer as noted between the first day of May, 1901, and the 15th day of May, 1901, to receive any and all bids.

By order of the city council.

Moses F. Hale,
City Treasurer and Purchasing Agent.

April 19, 1901.

Notice of Dividend No. 8

The Mary McKinney Mining Company

Notice is hereby given that there has been declared a dividend of 5 per share, payable April 10, 1901, to all shareholders of record on that date, when books will close for transfer of stock April 11.

A. C. Vaughn, Secretary.

LEGAL NOTICES

A GOOD INVESTMENT

Diamonds make magnificent presents. They are appropriate for all occasions, never lose their value, never depreciate in the eyes of the recipient.

Diamonds purchased here are an extremely good investment, just at present especially so, as prices everywhere have advanced. We are selling our present stock at last year's low prices.
